Self-Certification of Rule Amendment Under § 40.6(a): Rulebook

Dear Secretary Kirkpatrick:

RTX Fintech & Research LLC (RTX SEF) intends to implement an amended rulebook under 17 CFR 40 § 40.6 on **January 31, 2025**. This rulebook replaces the one that RTX SEF implemented on August 30, 2023.

Attachment A contains the amended rulebook, and *Attachment B* contains a redline against the prior version of the rulebook (effective August 30, 2023).

Below is the concise explanation and analysis that the Commission requires under § 40.6(a)(7)(v). This rulebook amends the no-review ranges in Rule 514(h) by narrowing them. Its purpose is to better align the ranges with the market activity RTX SEF has observed in its markets.

The amended rulebook complies with both the Commodity Exchange Act (CEA) and Commission's regulations. Specifically, it complies with Core Principle 2 (Compliance with Rules) and § 37.202 because it adheres to open-access principles and promotes a fair, transparent platform.

No one has expressed any substantive opposing views to the rule amendment that RTX SEF has not incorporated into the rule.

Finally, on behalf of RTX SEF, I certify the following:

1. Concurrent with the filing of this submission, RTX SEF has posted on its website a notice of pending certification with the Commission and a copy of this submission.
2. The rule amended complies with the Act and the Commission's regulations.

If you have any questions about this submission, please contact me.

Sincerely yours,

David Nelson

 - (ii) Permitted Transactions that are not matched by the RTX SEF, having been entered into or confirmed and reported to the RTX SEF subject to the provisions of Rule 512, shall be recorded as a transaction executed

subject to the rules of the RTX SEF. Each cleared Permitted Transaction may be executed under the provisions of Rule 512.

- (b) **Clearing.** All Swaps that are Permitted Transactions shall be cleared and settled in accordance with the rules of the Clearing Organization.
- (c) **Facilitation of Straight-Through Processing of Permitted Transactions.** The following requirements shall facilitate the straight-through-processing of such transactions to the applicable Clearing Organization:
 - (i) No Order for a Permitted Transaction may be submitted unless a Clearing Participant has been identified in advance for each party to the transaction;
 - (ii) Each Clearing Participant as required by Commission Regulation 1.73 shall establish risk-based limits in the proprietary account and in each Customer account based on position size, order size, margin requirements, or similar factors, and
 - (iii) Each Order entered, whether it be via the Electronic Order Book in accordance with Rule 602 or the Voice Order Book in accordance with Rule 702, shall be screened against such risk-based limits using a system of risk controls that ensures compliance with Commission Regulation 1.73.

503. Trading Day and Trading Hours

- (a) From time-to-time, RTX SEF shall determine the Trading Days for each calendar year and Trading Hours.
- (b) RTX SEF shall publish notice of its Trading Hours, Trading Days, and holidays on its website. Unless expressly stated on the website, all time references shall be based upon local time in New York, New York.
- (c) Trading Hours may vary by product. The Support Desk will be staffed and operate at all times during the Trading Hours of any Swap transaction.
- (d) No Participant may make any Bid or Offer for, or engage in any transaction in, any Swap before or after such hour outside of Trading Hours for that Swap.

505. Pre-Execution Discussions and Cross Trades

- (a) No Participant shall enter a pre-discussed Required Transaction through the Electronic Order Book or through the Voice Order Book for illegal or improper purposes (including, without limitation, any conduct prohibited by Part 9 of these Rules) or for a Required Transaction knowingly assume on its own behalf or on behalf of a Customer account the opposite side of its own Order or its Customer's Order (a "Cross Trade"), except where the Person is entering into both sides of a Customer Order on a non-discretionary, pre-arranged basis, unless:

- (i) Prior written blanket or transaction specific consent has been obtained in respect of any relevant Customer account;
 - (ii) The Participant waits for at least 15 seconds after the initial Order is submitted to the Trading System or Execution Specialist before submitting the opposite side;
 - (iii) The trade was matched but unable to be executed on a system or venue and was sent to the RTX SEF for execution in accordance with Rule 603, as applicable;
 - (iv) The trade is Block Trade in accordance with Rule 510.
- (b) Notwithstanding the foregoing, a Participant shall not be in violation of this rule due to Cross Trades executed by two Participants trading for the same account, or for separate accounts of the same beneficial ownership, where neither Participant has knowledge of the other's Order and there is no coordination or prearrangement of the Cross Trade, provided that the relevant Participant shall be responsible, upon the request of the RTX SEF, to demonstrate to the reasonable satisfaction of the RTX SEF, that neither Participant had knowledge of the other's Order.
- (c) For the avoidance of doubt, no delay in entering both sides of a pre-discussed Permitted Transaction or of a Cross Trade of a Permitted Transaction through the Electronic Order Book or through the Voice Order Book is required. No Person shall enter a pre-discussed Permitted Transaction or Cross Trade in a Permitted Transaction for illegal or improper purposes (including, without limitation, any conduct prohibited by Part 9 of these Rules).

It shall be prohibited for any Participant:

- (a) To enter, report or confirm any Bids, Offers, or transactions to the RTX SEF when such Participant knows or should have known that it is insolvent, within the meaning of any applicable bankruptcy or insolvency laws, federal or state, domestic or foreign, without the prior written approval of the RTX SEF;
- (b) To enter, report or confirm Bids, Offers, or transactions to the RTX SEF other than in good faith for the purpose of executing transactions, or to make any Bid or Offer that is not for a true and bona fide price or that is for the purpose of establishing a market price which does not reflect the true state of the market.

508. Enforceability

- (a) In accordance with Commission Regulation 37.6, a transaction entered into on or pursuant to the rules of RTX SEF shall not be void, voidable, subject to rescission, otherwise invalidated, or rendered unenforceable as a result of:

- (i) A violation by RTX SEF of the provisions of section 5h of the Act or Part 37 of the Commission's Regulations;
- (ii) Any Commission proceeding to alter or supplement a rule, term, or condition under section 8a(7) of the Act or to declare an emergency under section 8a(9) of the Act; or

 - (B) Require RTX SEF to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.

509. Order Size Limitations

In order to avoid error, the Electronic Trading System will prevent a Participant, and their respective Authorized Traders, from trading over a specified size, per side, per transaction, and per Swap. Such size controls are not cumulative and may be exceeded through the entry of multiple Orders. No size limitation exists for voice transactions or Block Trades under Rule 510.

510. Block Trade Transactions

- (b) The RTX SEF may designate any Swap as eligible for privately negotiated transactions, or "Block Trades," under this Rule and has determined the appropriate minimum block size for the Swaps in which Block Trades are permitted to be the same level as provided in 17 C.F.R. Appendix F to Part 43.
- (c) The price at which a Block Trade is executed shall not affect any Order in the Trading System.
- (d) Participants, Authorized Traders may elect to trade a Swap that has been designated by the RTX SEF as eligible for Block Trades as a Block Trade by entering the trade details into the trade entry window or by reporting such transaction to an Execution Specialist for trade entry. Block Trades shall comply with the following conditions:
 - (i) Each Block Trade transaction must be at least for the minimum transaction size as determined by the RTX SEF for that Swap. Orders may not be aggregated in order to achieve the minimum transaction size.
 - (ii) The mutually agreed price at which a Block Trade is executed must be fair and reasonable in light of:
 - (A) the size of such Block Trade; and
 - (B) the price and size of other trades in the same Swap at the relevant time and other related Swaps, any underlying cash market and/or related futures markets, at the relevant time.

- (iii) The price must be reasonable based upon market conditions, prices in other tenors or for related Swap contracts or based upon an established model for relating the relative prices between Swaps.
 - (iv) Each party to a Block Trade must qualify as an “eligible contract participant,” as that term is defined in Section 1a(18) of the Act.
 - (v) Each Block Trade transaction must involve swaps that are subject to the Required Transaction requirements. RTX SEF does not permit Block Trade transactions involving swaps that are considered to be Permitted Transactions.
- (e) Each Block Trade must be reported by the seller to the RTX SEF as soon as technologically practicable after execution but in no event later than 10 minutes following execution of such Block Trade. The RTX SEF will publicize information identifying the trade as a Block Trade and identifying the relevant Swap immediately after such information has been reported to the RTX SEF or at such time as is deemed appropriate by applicable regulations to that Swap. To comply with the requirements of 17 CFR § 43.6(h)(1)(ii)–(iii), RTX SEF:
 - (i) Shall notify the SDR of a block trade election when reporting the swap transaction and pricing data to the SDR in accordance with 17 CFR Part 43; and
 - (ii) Shall not disclose swap transaction and pricing data relating to a block trade subject to the block trade election prior to the expiration of the applicable delay set forth in 17 CFR § 43.5(d).
- (f) Each party to a Block Trade shall record the following details of the transaction:
 - (i) the Swap to which such Block Trade relates;
 - (ii) the nominal size of the Block Trade; and
 - (iii) the price and time of execution, and the beneficial owners of the transaction.
- (g) Upon request by the RTX SEF, such party shall produce satisfactory evidence, including the order ticket referred to in the preceding sentence that the Block Trade meets the requirements set forth in this Rule.
- (h) Notwithstanding anything to the contrary in this Rule 510, until December 30, 2022, or such later time as the relief in CFTC Letter No. 20-35 shall be extended, the RTX SEF may facilitate the execution of Block Trades within the scope of this Rule 510 that are intended to be cleared by enabling the applicable Clearing Participants to complete the pre-execution credit check required under Commission Rule 1.73 pursuant to the procedures of Rules 501(d) and Rule 502(c)(iii) at the time a Block Trade is identified to the RTX SEF. Execution of the Block Trade shall not occur until completion of the pre-execution credit check. Block Trades which are rejected on the basis of credit at the time that they are identified to the RTX SEF shall be void *ab initio*.

511. Public Disclosure of Data

- (a) If a registered SDR accepts data for an asset class, the RTX SEF will report or cause to be reported to an SDR, such swap transaction and pricing data as required by Commission Regulations for all Swap transactions executed on or subject to the Rules of the RTX SEF; both 17 CFR Part 43 and 45 data are to be reported to the SDR, as applicable. The RTX SEF reports such information to the following SDRs:

Swap	SDR
Interest Rate Swaps	DTCC

In addition, reports to the SDR shall include the actual notional or principal amount for all swaps executed on or pursuant to the rules of RTX SEF and swap transaction and pricing data that includes an actual description of the underlying asset(s), in accordance with 17 CFR § 43.4(d)(2)(i) and 43.4(c)(2), respectively. And as required under 17 CFR § 43.4(d)(2)(ii), the actual notional or principal amount for any block trade executed on or pursuant to the rules of RTX SEF shall be reported to RTX SEF.

- (b) The RTX SEF shall disclose to all Participants on the RTX SEF data regarding price, size, and side of a Swap transaction executed via the Electronic Order Book and may disclose such information for a transaction executed on the Voice Order Book, upon transmittal of such information to the SDR.
- (c) Nothing in this Rule 511 shall prohibit the RTX SEF from disclosing:
- (i) to all Participants on the Facility Orders, including price and side information, prior to a trade being executed; or,
 - (ii) to the counterparties to an executed trade, price, size or any other material terms of their executed transaction prior to transmittal of the information to an SDR and its public disclosure by the RTX SEF.

512. Off-Facility Transactions

The RTX SEF may record a Permitted Transaction arranged as an Off-Facility Transaction by one or more Broker as being executed subject to the Rules of the RTX SEF, if the following conditions are met:

- (a) The Participants have provided blanket or transaction-specific consent to entering into a Permitted Transaction arranged by a Broker(s);
- (b) All of the terms of the Permitted Transactions are agreed by the Participants prior to the Participants or Authorized Traders reporting the Permitted Transaction to the RTX SEF; *provided, however*, the transaction shall not be considered to be executed until accepted by the RTX SEF;
- (c) The Participants or Authorized Traders report the terms of the Permitted Transaction in the form and manner specified by the RTX SEF as soon as practicable, but in no event more than 15 minutes, following agreement of the Participants to the terms of the transaction;
- (d) It complies with Part 8 of the Rules;

- (e) Each applicable Clearing Participant, in accordance with Commission Regulation 1.73, shall establish and apply risk-based limits in respect of such Participant and, as facilitated by the RTX SEF, shall screen such Off-Facility Transaction for compliance with the limits through an automated or non-automated system of risk controls reasonably designed to ensure compliance with the limits;
- (f) The transaction may not be entered into for illegal or improper purposes (including, without limitation, any conduct prohibited by Part 9 of these Rules);
- (g) The Participants and Broker must keep full, complete, and systematic records of the transaction as required by Commission Rule 1.35;
- (h) The Participants for whom the transaction has been arranged shall be responsible, upon the request of the RTX SEF to demonstrate to the reasonable satisfaction of the RTX SEF that the transaction complies with the conditions of the Act, Commission Rules, and the conditions of this Rule 512, including making available to the RTX SEF, upon request, access to the Broker's records relating to the transaction.

513. Package Transactions

A package transaction means a multi-leg transaction priced or quoted as one economic transaction, involving at least one Swap. For all package transactions, the RTX SEF's audit trail records shall identify the Swap transaction(s) as being priced under the procedures of this Rule. The Swap leg or legs of a package transaction may be executed by the RTX SEF subject to the following conditions.

- (a) *U.S. Dollar Swap Spread.*
 - (i) A U.S. Dollar Swap Spread is a transaction in a U.S. Dollar Swap traded as a spread price between a U.S. Treasury security and the Swap. U.S. Dollar Swaps are available for trading as a spread transaction via:
 - (A) the Electronic Order Book under Rule 602(a) of the Rules, and Assisted Order Entry (Rule 607);
 - (B) the Voice Order Book under Part 7, including but not limited to regular Voice Trading Facility (Rule 703(a)), Voice Work-up (Rule 703(a)(x) of the Rules;
 - (C) Pre-execution discussed and crossed trades under Rule 505, and
 - (ii) Orders in U.S. Dollar Swap Spreads are subject to the pre-trade credit check under Rule 501(d).
 - (iii) Upon a buyer and seller being matched by the RTX SEF in a U.S. Dollar Swap Spread transaction, the RTX SEF notifies each party of 1) the price or spread (yield differential) at which the transaction occurs, 2) the identity of the opposing party, 3) the Swap price or yield, and 4) the US Treasury security price and yield. The Swap price must be equal to, or close to the prevailing market Swap price at the time the Swap transaction occurs and the US Treasury security price must be close to the prevailing U.S. Treasury market security price at the time the Swap

transaction occurs. The parties to the Swap subsequently then enter into a separate cash market transaction bilaterally for the Treasury security at such prevailing cash market price.

- (iv) For the avoidance of doubt, the RTX SEF takes no part in facilitating cash market Treasury security transactions.
- (b) *MAT/MAT*. A MAT/MAT package consists of two (or more) Required Transaction legs of the same Swap but of different Tenors, traded based upon the spread value of the defined relationship of the legs. When entering a Bid (Offer) such Orders shall be subject to the pre-trade credit check under Rule 501(d). A MAT/MAT package can be traded via any of the functionalities or facilities provided in paragraph (a)(i)(A),(B) and (C) of this Rule. Upon being matched based upon the spread value, the RTX SEF executes the two legs of the transaction at a price calculated by the RTX SEF derived from the prevailing price for the shorter Tenor leg.
- (c) *MAT/Non-MAT (Cleared)*. A MAT/Non-MAT (Cleared) package consists of at least one Required Transaction and one (or more) cleared Permitted Transaction based upon the spread value of the defined relationship of the legs. When entering a Bid (Offer) such Orders shall be subject to the pre-trade credit check under Rule 501(d). A MAT/Non-MAT (Cleared) package can be traded via any of the functionalities or facilities provided in paragraph (a)(i)(A),(B) and (C) of this Rule. Upon being matched based upon the spread value, the RTX SEF executes the two legs of the transaction at a price calculated by the RTX SEF derived from the prevailing price for the Required Transaction leg.
- (d) *MAT/Non-Swap Instruments*. As permitted under Commission Rules 37.9(d) and 37.9(a)(2) and as pursuant to 37.9(c)(2), the Required Transaction leg or legs of a package transaction that consists of one or more Required Transaction and one or more non-Swap instrument, shall be subject to the procedures of Rule 512; *provided, however*, this provision shall not apply to U.S. Dollar Spreads which shall be subject to the procedures of paragraph (a).

 - (i) The Broker, when reporting the Swap leg of the package to the RTX SEF for execution shall also include the trade details of the non-Swap leg or legs of the package.
- (e) *MAT/Futures*. Until November 15, 2025, or such later time as the relief in CFTC Letter No. 22-15 (NAL 22-15) may be extended, the Required Transaction leg or legs of a package transaction that consists of one or more Required Transaction and one or more are contracts for the purchase or sale of a Commodity for future delivery, shall be subject to the procedures of Rule 512.
- (f) *MAT/Non-CFTC Swap*. As permitted under Commission Rules 37.9(d) and 37.9(a)(2) and as pursuant to 37.9(c)(2), the Required Transaction leg or legs of a package transaction that consists of one or more Required Transaction and one or more of the components is a swap over which the CFTC does not have exclusive jurisdiction, shall be subject to the procedures of Rule 512.
- (g) For all package transactions, the RTX SEF's audit trail records shall identify the Swap transaction(s) as being priced under the procedures of this Rule 513.

514. Trade Cancellations and Price Adjustments

- (a) **Trade Cancellation, Amendment, or Adjustment Authority.** The RTX SEF's trade cancellation policy authorizes the Board, through its designee the Chief Compliance Officer (or the Chief Compliance Officer's delegate) (the "Designee"), to amend trade prices, cancel (bust) trades, or to make such other adjustments when such action is necessary to mitigate market disrupting events; to mitigate instances where market integrity has been compromised caused by the improper or erroneous use of the RTX SEF; or to address manifest unfairness caused by a material error of the Execution Specialist in Order handling or other material error by the RTX SEF, such as the incorrect display of a Bid or Offer, erroneous execution, or erroneous reporting of a Swap transaction.
- (b) Notwithstanding any other provision of this Rule, the Designee may adjust trade prices, cancel any trade executed through the RTX SEF, execute a new or off-setting Swap on behalf of the parties to a disputed transaction on the RTX SEF or another SEF, or require the parties to execute a new or off-setting Swap transaction on the RTX SEF or another SEF, if the Designee determines that allowing the trade to stand as executed may have a material, adverse effect on the integrity of the market or is otherwise necessary or appropriate to address manifest unfairness caused by a material error of the Execution Specialist or other material error by the RTX SEF; provided, however, that any such determination by the Designee (if other than the Chief Compliance Officer) will be subject to review by the Chief Compliance Officer if the Designee determines such review to be necessary or appropriate. Subject to the immediately preceding sentence, the decision of the Designee shall be final.
- (c) Any trade price amendment, trade cancellation, or other trade adjustment shall be made subject to the standards of this Rule 514, such standards being clear, fair, and publicly available. Any determination made under this Rule 514 to adjust any trade price, cancel any trade, or make any other adjustment shall be made subject to the procedures of Rule 514(d), (e), (f) and (g) and announced to the market by a message from the Support Desk or such other method as the RTX SEF shall provide.
- (d) **Procedure—Review of Trades Made in Erroneous Use of RTX SEF or Resulting from Error of the RTX SEF.** The Designee's decision on whether to cancel or amend a trade claimed to be made through erroneous use of the RTX SEF or as a result of an error by the Execution Specialist or the RTX SEF shall be made under the following procedure:
 - (i) **Review of Trades.** The Designee may review a trade based on its analysis of market conditions or a request for review by a user of the RTX SEF.
 - (ii) **Request for Review.** A request for review must be made within 20 minutes from the execution of the trade. The request may be verbal, with a writing (which may be electronic) to follow within one hour from the execution of the trade. The request must specify the trade details,

the time of its occurrence, the desired outcome (amend, cancel, or other action) and the reason for such a request, including whether due to erroneous trading or a material error by the Execution Specialist in Order handling or other material error by the RTX SEF such as the incorrect display of a Bid or Offer, erroneous execution, or erroneous reporting of a Swap transaction.

- (iii) The Designee shall promptly determine whether the trade will be subject to review, and upon deciding to review a trade, the Designee will promptly notify the counterparties and issue an alert to all Participants on the RTX SEF indicating that the trade is under review. The Designee, in his or her discretion, may also notify the Compliance Department of the requestor.

In the course of its review of any trade, the Designee may, but is not obligated to, inform any of the parties to the trade of the identity and contact information of any other party to the trade.

- (e) **Procedure—Review of Improper Trades.** The Designee’s decision on whether to cancel or amend a trade claimed to be improper shall be made under the following procedure:

- (i) **Review of Trades.** The Designee may review a trade based on its analysis of market conditions or a request for review by a user of the RTX SEF.
- (ii) **Request for Review.** For trades claimed to be improper, a request for review must be made within 20 minutes from the execution of the trade. The request may be verbal, with a writing (which may be electronic) to follow within one hour from the execution of the trade. The request must specify the trade details, the time of its occurrence, the desired outcome (amend or cancel) and detail the basis on which the trade should be considered improper and the reason supporting the cancellation or amendment of such a trade. The written request must be countersigned by the customer desk head or a business individual with supervisory authority for the requestor. The RTX SEF will make its determination based upon the request for review.
- (iii) Upon receiving a written request to cancel or amend an improper trade, the Designee, in the Designee’s discretion, may offer the counterparty an opportunity to respond to the reasons cited in the written request that the trade was improper and to provide an explanation why the trade should not be considered to be improper; *provided, however*, the counterparty shall not have a right to view the written request if the Designee shall in his or her discretion determine that the contents or identity of the requestor should not be disclosed.
- (iv) The Designee, upon reviewing the written request for cancellation or amendment of an improper trade and any statement of the counterparty to the requestor will determine whether the trade on its face violated Applicable Law or these Rules and whether the trade affected the integrity of the market, including but not limited to

whether the trade had a material adverse effect on market prices or orderly trading in the market.

(f) Designee's Determination.

- (i) The Designee shall communicate his or her determination to the parties whether to cancel the trade, amend or adjust the trade, to order such other actions as within the RTX SEF's authority or to let the trade stand, and shall communicate his determination to the market.
- (ii) Upon a determination by the Designee that a trade shall be cancelled or amended the RTX SEF shall implement the decision including as necessary or appropriate entering into new or off-setting Swap transactions on behalf of the parties or ordering the parties to do so.
- (iii) Issues of liability in cases where reasonable out-of-pocket losses have been incurred by Persons whose trades were cancelled or amended will be determined by the Designee based upon all relevant facts and circumstances, including the conduct of the respective parties. A party whose erroneous, or improper Order handling was the cause of the cancelled, amended or adjusted trade shall be liable for reasonable out-of-pocket losses of the counterparty to the transaction. Parties that know a transaction to be erroneous, improper, or executed in error have an obligation to mitigate the loss.
 - (A) A claim for a loss pursuant to this Rule must be submitted to the RTX SEF, on a RTX SEF claim form, within five Business Days of the cancelled, amended, or adjusted trade giving rise to the claim. The RTX SEF shall reject any claim that is not permitted by this Rule and such decision shall be final. All claims which are not rejected by the RTX SEF shall be forwarded to the party responsible for the Order(s) that resulted in the cancelled, amended or adjusted trade and that party shall, within ten Business Days of receipt of the claim, admit or deny responsibility in whole or in part.
 - (B) To the extent that liability is admitted, payment shall be made within ten Business Days. To the extent liability is denied, the claim shall be resolved by and pursuant to the arbitration rules of the NFA or such other self-regulatory organization as the parties may agree in accordance with the procedures of Part 11 of the Rules.
 - (C) In the event that the error causing the loss was made by, or is the responsibility of, the RTX SEF, the RTX SEF in its sole discretion may take such steps as it deems necessary and appropriate to recompense the party or parties for their out-of-pocket loss.

(g) Trade Price Adjustment and Cancellation Process—Other Erroneous Trades.

The Designee will first determine whether the trade price is within the "No Review Range." During fast market conditions, upon the release of significant

news, or in other circumstances in which the Designee determines it is appropriate, and upon consultation with the Chief Compliance Officer, may without prior notice, temporarily increase the published No Review Range, up to an amount that is double the published range.

- (i) *Information considered.* In applying the No Review Range, the Designee shall determine the market price for that Swap immediately before the trade under review (the “Market Price”). The Designee may consider any relevant information, including the existing market conditions, the volatility of the market, the prices of related instruments in other markets, the last trade price on the RTX SEF of the same or a related Swap, a better bid or offer price, a more recent price in a related Swap or related Swap Tenor, and any other factors that the Designee deems relevant.
- (ii) *Trade Price Inside the No Review Range.* If the Designee determines that the price of the trade was inside the No Review Range, the Designee will promptly issue an alert to all Participants, Authorized Traders on the Electronic Trading System indicating that the trade shall stand.
- (iii) *Trade Price Outside the No Review Range.* If the Designee determines that a trade price is outside the applicable No Review Range, the trade price shall be adjusted to a price agreed upon in a reasonable time by a Person not responsible for an Order that results in a trade price adjustment that is within the No Review Range or in the absence of such agreement to a price that equals the Market Price for that Swap at the time of the questioned trade, plus or minus the standard or adjusted No Review Range, provided, however, that in the event that such adjusted price would be outside the trading range of the day at the time of the questioned trade, then such adjustment shall be limited to the trading range as applicable. In the event there are multiple parties, prices and/or Swaps involved in the transactions at issue, the Designee has the authority, but not the obligation, to bust rather than price adjust such transactions. The Designee will promptly issue an alert to all Participants, Authorized Traders on the Electronic Trading System indicating that the prices of the trades outside the No Review Range have been adjusted to the No Review Range limit or have been cancelled.

(h) **No Review Range.** The No Review Range shall be as follows:

Swap Contract	No Review Range (where a % is used, it is expressed as a % from the mid-market range)
EUR interest rate Swap outrights, spreads and butterfly strategies	A price 0.375 basis point in yield above or below the prevailing mid-market price

GBP interest rate Swap basis swaps	A price 0.375 basis points in yield above or below the prevailing mid- market price

(i) Liability for Losses Resulting from a Price Adjustment or Cancelled Trade.

- (i) Price-Adjusted Trades.** A Person responsible for an Order that results in a trade price adjustment shall generally not be liable for losses, other than the price adjustment, incurred by Persons whose trade prices were adjusted.
- (ii) Cancelled Trades.** Issues of liability in cases where reasonable out-of-pocket losses have been incurred by Persons whose trades were cancelled will be determined by the Support Desk based upon all relevant facts and circumstances, including the conduct of the respective parties.

- (j) Claim Process.** A claim for a loss pursuant to this Rule must be submitted to the RTX SEF, on a RTX SEF claim form, within five Business Days of the price-adjusted trade giving rise to the claim. The RTX SEF shall reject any claim that is not permitted by this Rule and such decision shall be final. All claims which are not rejected by the RTX SEF shall be forwarded to the party responsible for the Order(s) that resulted in a price adjustment. Such party shall, within ten Business Days of receipt of the claim, admit or deny responsibility in whole or in part.

To the extent that liability is admitted, payment shall be made within ten Business Days. To the extent liability is denied, the claim shall be resolved by

and pursuant to the arbitration rules of the NFA or such other self-regulatory organization as the parties may agree in accordance with the procedures of Part 11 of the Rules.

- (k) Trade Cancellation or Offset Procedures.** Upon a determination by the Designee that a trade shall be cancelled or that trade prices shall be adjusted, that decision will be implemented. The cancelled trade price and any price quotes that have been adjusted will be reflected as cancelled in the RTX SEF's official record of time and sales.
- (l) Adjustment Trades.** Positions that result from a trade determined by the Designee to be outside the No Review Range that cannot be cancelled shall be adjusted at the direction of the RTX SEF, by entry of the RTX SEF into new or off-setting trades as appropriate on behalf of the parties to the cancelled or adjusted trade or ordering such parties to enter into new or off-setting trades as directed by the RTX SEF. The adjusting trades must use the original trade price and quantity. Any party may, but is not required to, include a cash adjustment to another party to the trade. Trades determined by the Designee to be inside the No Review Range may not be reversed in this manner.
- (m) Arbitration of Disputes Regarding Adjustment Trade.** If a party does not agree to transfer a position pursuant to Rule 514(j), any other party to the trade may file an arbitration claim in accordance with the procedures of Part 11 of the Rules against the Person representing the other side of the trade. Written notice of such claim must be provided to the RTX SEF within five Business Days of receipt of the opposite party's timely denial of liability under Rule 514(j). Failure to file the claim within those five Business Days shall be deemed a waiver of all claims. The arbitration claim will be conducted in accordance with the procedures of Part 11 of the Rules.
- (n) Voluntary Adjustment of Trade Price.** When a trade outside of the No Review Range is cancelled in accordance with this Rule, the parties to the trade may agree voluntarily to reestablish the trade but to adjust its price and make a cash adjustment provided that all of the following conditions are met:

 - (i)** the Designee approves the adjustment.
 - (ii)** the trade adjustment must be within the range of the high and low of the previous day's price range.
 - (iii)** the quantity of the position being reestablished is the same as the quantity of the trade that was cancelled.
 - (iv)** in the case of a trade below the Market Price, the adjusted price must be the lowest price that traded at or about the time of the trade without being cancelled. In the case of a trade above the Market Price, the adjusted price must be the highest price that traded at or about the time of the trade without being cancelled.
 - (v)** the parties to the adjusted trade must report it to the RTX SEF using a Transfer Trade not later than the close of business on the Business Day after the trade occurred.

515. Error Trades

- (a) **Scope.** In accordance with Commission Rule 37.9(c), Rule 515 shall apply where an operational or clerical error or omission made by the RTX SEF, one of the counterparties, or an agent of the counterparty, causes a trade to be rejected from clearing, where one leg of a Package Transaction is rejected from clearing due to the sequencing of the submission of the legs (“Rejected Error Trade”), or is identified after the trade has been cleared (“Cleared Error Trade”) (together “Error Trades”). Legs of a Package Transaction that have been accepted for clearing are not within the scope of this Rule.
- (b) **Rejected Error Trades.** Upon an affirmative finding by the RTX SEF that a trade has been rejected due to an error or an erroneous term other than for reasons of credit, the Rejected Error Trade shall be considered to be void *ab initio* and the RTX SEF may execute a new trade with the original terms but for the correction of the erroneous terms and submit the new trade to the applicable DCO as quickly as technologically practicable, but in no event in more than 1 hour from the notice of rejection from clearing. The new trade shall be subject to the procedures of Rule 501(d) or Rule 502(c), as applicable. Any new trade which is also rejected is considered to be void *ab initio* and may not be submitted again.
- (c) **Cleared Error Trades.** Upon an affirmative finding by the RTX SEF that a trade is being carried on the books of a DCO in error, in order to “reverse and resubmit” the trade in error, a trade to offset the Swaps carried in error on the books of the DCO shall be executed by the RTX SEF and a new transaction shall be executed by the RTX SEF with the original terms of the Cleared Error Trade but for the correction of the erroneous terms. Such correcting trades must be executed and submitted for clearing no later than three business days from the execution of the Cleared Error Trade, with the exception provided in (d)(i). The new trade shall be subject to the procedures of Rule 501(d) or Rule 502(c), as applicable.
- (d) **Consent to Correction of Error Trades.** In the event that an error comes to the attention of the RTX SEF, the RTX SEF may correct obvious errors under the procedures of paragraph (b) or (c) of this Rule 515 without the consent or knowledge of the counterparties to the transaction. In the event that the RTX SEF is unable to determine how to correct an Error Trade on its face, the RTX SEF shall inform the counterparties to the trade and request their assistance in determining the nature and the substance of the error. The RTX SEF may not correct such non-obvious errors unless the parties shall agree.
- (i) Alternatively, for cleared swaps, the RTX SEF may use an *ex post facto* review process in which the counterparties determine that an error has occurred and correct the error. The offsetting trade and the correct transaction must be executed and submitted for clearing as quickly as technologically practicable, but no later than 24 hours after the erroneous cleared swap was executed.

The Participant must notify the RTX SEF in writing, using the RTX SEF contact email addresses located in www.rtxfintech.com, no later than

24 hours after the error trade was executed. The RTX SEF shall conduct an *ex post facto* review of the error trade, offsetting trade, and correct trade on a T+1 basis. Such review will consider whether a transaction cancellation or price adjustment will adversely impact market integrity, facilitate market manipulation or other illegitimate activity, or otherwise violate the CEA, Commission regulations, or the RTX SEF's Rules.

The RTX SEF must make an affirmative finding that there was an error as part of its *ex post facto* review.

- (e) **Reporting.** The RTX SEF shall report the following to an SDR as soon as technologically practicable after the original trade is rejected by the DCO:
 - (i) Cancellation of the original trade under part 43 of the Commission Rules;
 - (ii) A part 45 termination under the Commission Rules, indicating that the original trade is void *ab initio*; and
 - (iii) Swap transaction and pricing data and swap data pursuant to parts 43 and 45 of the Commission Rules for the newly executed trade(s).

516. Reserved

517. Real-Time Market Monitoring

Real-time monitoring of trading on RTX SEF for compliance purposes shall be conducted by the RTX SEF Compliance Department.

- (a) RTX SEF shall monitor and evaluate data on:
 - (i) an ongoing basis in order to detect and prevent manipulation, price distortion, and where necessary disruptions in the cash-settlement process, and
 - (ii) general market data in order to detect and prevent manipulative activity that would result in the failure of the market price to reflect the normal forces of supply and demand, unusual trading volumes, and impairments to market liquidity.
- (b) In addition, RTX SEF may protect market integrity through use of the following system safeguards to prevent the entry of orders in any of the following circumstances:
 - (i) pre-trade quantity limits on individual orders to screen for order quantities not within acceptable parameters;
 - (ii) pre-trade price collars to screen for orders outside of current market conditions;
 - (iii) execution throttles to screen for the execution of too many orders over a specified period of time;

- (iv) message throttles to screen for the submission of too many messages in a specified period of time; and
- (v) pre-trade check to screen for risk-based limits set by the clearing member.

518. Post-Trade Anonymity

- (a) Pursuant to the Commission Rule § 37.9(f), it is prohibited to disclose, directly or indirectly, including through a third-party service provider, the identity of a counterparty for swaps executed, pre-arranged or pre-negotiated anonymously on or pursuant to the rules of a SEF and intended to be cleared at the time of execution.
- (b) Prohibition on post-trade name give-up shall not apply to components of a package transaction that are uncleared swaps or non-swap instruments. Examples include, but are not limited by, swaps executed with a US Treasury hedge cleared bilaterally between the counterparties, swaps executed as part of a hedge to an interest rate option or credit option and swaps executed as part of a package with an uncleared swap.

PART 6. TRADING ELECTRONICALLY

601. Scope

The RTX SEF shall determine the Swaps to be offered for trading through the Electronic Trading Systems under this section. But all Swaps, including Permitted Transactions, that RTX SEF makes available to trade on the SEF may be executed through the Electronic Trading Systems.

602. Trading via Electronic Trading Systems.

Transactions executed electronically may be matched on RTX SEF via any Electronic Trading System provided for under this Rule. An Electronic Trading System is a Trading Facility, as defined by section 1a(51) of the Act, that enables multiple participants to offer Bids or Offers to multiple other participants on the facility.

(a) *Electronic Order Book Trading Session.*

- (i)** An Electronic Order Book (“EOB”) is an electronic Trading System in which all Orders are managed based upon price/time priority, which means A) an Order with a better price (highest Bid, cheapest Offer) has execution priority over an Order with an inferior price (not highest Bid, not cheapest Offer) and B) for two Orders with the same price and same direction, the Order that is entered into the EOB first will be matched first against an aggressing opposing Order.
- (ii)** All Orders are matched by the action of one Participant hitting (lifting) a displayed Bid (Offer) or by the Electronic Order Book matching electronically two passive orders that occur at the same price.
- (iii)** All Orders in the EOB Session are “firm” or executable.
- (iv)** Any Order entered into the EOB Session must be in the form and contain the information the RTX SEF requires, including, but not limited to, Order type, size, direction, price (if applicable), and the applicable User ID. Any Order not complying with RTX SEF requirements shall not be accepted.
- (v)** An Order may only be entered into the EOB Session by a Participant or by an Execution Specialist acting in his or her discretion pursuant to Rule 703(a)(xi) or at the direction of a Participant.
- (vi)** For Required Transactions, all Orders in the EOB Trading Session are displayed to all Participants.
- (vii)** A Participant responding to a displayed Order may accept a firm Bid or Offer or counter the Bid or Offer of the initiating Participant or of any other responding Participant. For the avoidance of doubt, an executed transaction may take place between two responding Participants. Responding Participants shall be anonymous unless the responding Participant authorizes the Execution Specialist to disclose the

Participant's identity. But notwithstanding any other provision in these Rules, for all swaps that are executed anonymously and intended to be cleared, RTX SEF shall not disclose the identity of any counterparty to the swap.

- (viii) Any Order entered into the EOB Session shall remain open in the Electronic Trading System until executed, cancelled, or until it expires.
- (ix) The Participant will be responsible for each Order that it enters on the RTX SEF for itself or which is entered on its behalf.
- (x) The Trading Session for an EOB remains open throughout the Business Day.
- (xi) All Orders open at the end of the Business Day are cancelled.

603. Order Types

(a) **Type of Orders and Order Attributes.** The following orders may be entered by a Participant into Electronic Trading Systems:

- (i) *Limit Orders.* A limit order is an order to buy or sell a stated amount of a Swap or strategy at a given price. Such an order shall remain in the EOB until executed or cancelled.
- (ii) *Market Orders.* A market order is an order to buy or sell a stated amount of a Swap or strategy at the best available price on the EOB session at the time the order is entered.
- (iii) *Time in Force ("TIF") Orders.* A TIF Order is a limit order that remains open for a period of time selected by the Participant or Execution Specialist (at the request of the Participant) when the Order is first entered. The Order is automatically cancelled at the end of that period unless the time is extended or the Order is executed.
- (iv) *All or None ("AON").* An AON order is a limit order or TIF Order where only the full amount specified on the Order can be executed. AON Orders are ignored in the order matching process by corresponding orders that have less than the required AON amount to make a trade.
- (v) *One Cancels the Other ("OCO").* An OCO Order provides the Participant the ability to enter certain Orders that are linked together whereby the execution of a trade on one linked Order results in the immediate cancellation of the remaining linked order(s) in the OCO group.
- (vi) *One Executes Other ("OEO").* An OEO order provides the Participant with the ability to enter certain Orders that are linked together whereby the execution of a trade on one linked Order results in the immediate execution of a trade on other linked Order in the OEO group.
- (vii) *Request for Trade™ ("RFT™").* An RFT™ Order is an electronic TIF Order entered via the RFT™ user interface that is managed in the EOB. For Required Transactions, all RFT™ Orders are displayed to all Participants in an EOB Session. All RFT™ Orders are firm.

604. Confirmations and Objections

The confirmation of all terms of the transaction shall take place at the same time as execution.

- (a) Anonymous Trading.** In accordance with Rule 518, confirmations of transactions executed anonymously will not show counterparty names or identifiers, unless such a transaction is a Package Transaction under Commission Rule 37.9(d).
- (b) Confirmation of Cleared Transactions.** Upon execution, the RTX SEF shall notify a Participant of the matching of Bids and Offers through the Electronic Trading System as follows.
 - (i)** Initial notification: Following trade matching, the RTX SEF will send an initial electronic message that confirms the instrument, the price, direction and amount to both sides of a trade.
 - (ii)** Confirmation: Upon execution of the transaction, the RTX SEF will issue an electronic confirmation which shall legally supersede any previous agreement and shall include all material economic terms of the executed transaction and which the counterparties agree shall confirm execution of the transaction.
- (c) Objections.** Objections to the material economic terms of transaction confirmations must be submitted to the RTX SEF, in writing, promptly upon receipt, but no later than the close of that Business Day.

605. Trade Invalidation Upon Revocation of Clearing Authorization

Once the RTX SEF has received notice from a Clearing Organization that a Clearing Participant's authorization has been terminated, any trade destined for that Clearing Organization subsequently matched by the Electronic Trading System for that Clearing Participant or for a Trading Participant guaranteed by that Clearing Participant shall be considered to be invalid and shall be cancelled by the RTX SEF. Further, a Participant shall notify immediately RTX SEF that its Clearing Participant's authorization has been terminated.

607. Assisted Order Entry

An Execution Specialist, acting on behalf of a Participant using an Approved Communication Method may, upon request of the Participant, assist a Participant in the entry or withdrawal of Orders into the Electronic Trading System.

- (a)** Any Execution Specialist entering an Order into the Electronic Trading System shall have a unique User ID paired with the Participant's ID for whom the Execution Specialist is acting.

- (b)** Upon receipt of a request for assistance in the entry or withdrawal of an immediately executable Order, the Execution Specialist must enter the executable Order immediately into the Electronic Trading System.
- (c)** Any request by a Participant for assistance in the entry of an Order that is not immediately executable shall be entered into the Electronic Trading System as soon as practicable. The Execution Specialist must make a record of the time at which the request for assistance was first made and the time that the Order was entered into the Electronic Trading System.
- (d)** Notwithstanding any other provision of these Rules, in the event that a Participant objects under Rule 604(c) to the contents of a the confirmation of a transaction that has taken place through the assistance of an Execution Specialist under the provisions of this Rule, the Board, through its designee the Chief Executive Officer or the Chief Executive Officer's Designee (the "Designee"), is authorized in his or her discretion to adjust trade prices or cancel a trade when such action is necessary to correct a clear clerical error on the part of the Execution Specialist in carrying out the instructions of the Participant that is assisted by the Execution Specialist. Any trade price adjustment or trade cancellation shall be made subject to the standards of this rule. Any determination made under this rule to adjust any trade price or cancel any trade shall be announced to the market and such adjustment shall be reported by the RTX SEF to the SDR.

PART 7. TRADING BY VOICE

701. Scope

The RTX SEF shall determine the Swaps to be offered for trading where such Swaps are matched using any Voice Trading System provided for under this section. For the avoidance of doubt, all Swaps, including Permitted Transactions, that RTX SEF makes available to trade on the SEF may be executed through the Voice Trading Systems (including the Voice Order Book as defined in Rule 703).

702. Trading by Voice Trading Systems

A Voice Trading System is a Trading Facility, as defined by section 1a(51) of the Act, that uses Voice Functionality that enables multiple participants to offer Bids or Offers that are open to multiple participants through the use of telephone, electronic messaging or other Approved Communication Methods. Voice Trading is facilitated by an Execution Specialist who makes known to Participants the existence of trading interest in a Swap, facilitates the communication of Bids or Offers among multiple Participants, and assists in orderly trading on the RTX SEF.

703. Voice Trading Systems

(a) Voice Order Book.

- (i)** An Voice Order Book (“VOB”) is a Trading System in which all Orders are managed based upon price/time priority, which means A) an Order with a better price (highest Bid, cheapest Offer) has execution priority over an Order with an inferior price (not highest Bid, not cheapest Offer) and B) for two Orders with the same price and direction, the Order that is entered into the VOB first will be matched first against an aggressing opposing Order. All Orders are recorded in the Internal Digital Ledger. The Voice Order Book is separate from the Electronic Order Book.
- (ii)** The VOB is a Trading Session that remains open throughout the Business Day.
- (iii)** All Orders are communicated by the Participant to the Execution Specialist who is responsible for managing the Order in the VOB according to price/time priority rules under Rule 703 (a)(i).
- (iv)** Any Order communicated to the Execution Specialist shall include the information the RTX SEF requires, including, but not limited to, Order type, size, side, price (if applicable). Any Order not complying with RTX SEF requirements shall not be accepted by the Execution Specialist.
- (v)** An Order is considered firm or executable at the time first communicated to the Execution Specialist.

- (vi) An Order is matched by the action of a Participant communicating an executable Bid or Offer to the Execution Specialist to hit (lift) a resting Bid (Offer) being managed in the VOB.
- (vii) An initiating Participant shall be anonymous unless the Participant authorizes the Execution Specialist to disclose the initiating Participant's identity.
- (viii) In the absence of an initiating Participant, the Execution Specialist has discretion to initiate trading by communicating with Participants to ascertain trading interest.
- (ix) A responding Participant may accept a communicated Bid or Offer or counter such Bid or Offer of the initiating Participant or of any other responding Participant. For the avoidance of doubt, an executed transaction may take place between two responding Participants. Responding Participants shall be anonymous unless the responding Participant authorizes the Execution Specialist to disclose the Participant's identity.
- (x) **Voice Work-up.** In order to encourage the provision of liquidity to the VOB, following the execution of an initial transaction (which shall be indicated to the counterparties as having been executed by communication of the Execution Specialist) either of the parties to the executed transaction or any other market participant (following transmittal by the RTX SEF to an SDR of information relating to the initial, executed transaction) may request a work-up trading session. To open a work-up trading session, the Execution Specialist announces the work up session and price. Counterparties to the initial transaction may have a priority for additional amounts at the work-up price. Resting Bids or Offers at the work-up price or better must be included in the work-up session. During the work-up session, execution occurs at the time that a buyer and a seller agree on the quantity of their respective transaction (the price being the work-up price), such execution being indicated to the counterparties by communication of the Execution Specialist. Separate transactions entered into during the work-up process will not be confirmed or reported as a single aggregate transaction. The work-up shall end when, to the extent possible, all buying and selling interest at that price have been filled. Any unfilled Bid or Offer at that price at the conclusion of the work-up shall be treated as a resting Bid or Offer depending upon the instruction of the market participant.
- (xi) **Hybrid Trading of Required Transactions.** Upon a Participant's request, the Execution Specialist will enter any Voice Order communicated to the Execution Specialist into the EOB Trading Session under Rule 607 whenever there appears to be sufficient liquidity in the Electronic Order Book to fill the Order; when the request is made, the Execution Specialist will notify the Participant whether there appears to be sufficient liquidity in the Electronic Order Book to fill the Order (or a portion of it). And unless specified by the Participant, all such Orders shall be entered into the Electronic Order Book as a Time in Force

("TIF") Order where it shall remain a firm Order for a period of 20 seconds and then expire.

- (xii) **Post-Trade Anonymity.** Notwithstanding any other provision in this Rule, for all swaps that are executed anonymously and intended to be cleared, RTX SEF shall not disclose the identity of any counterparty to the swap.

704. Order Types

- (a) **Type of Orders and Order Attributes.** The following orders may be entered by a Participant verbally via an Execution Specialist into the Voice Order Book:

- (i) *Limit Orders.* A Limit Order is an Order to buy or sell a stated amount of a Swap or strategy at a given price. Such an order shall remain in the VOB session until executed or cancelled by Participant.
- (ii) *Market Orders.* A Market Order is an Order to buy or sell a stated amount of a Swap or strategy at the best available price on the VOB session at the time the order is entered.
- (iii) *Time in Force ("TIF") Orders.* A TIF Order is a limit order that remains open in the VOB session for a period of time selected by the Participant or Execution Specialist (at the request of the Participant) when the Order is first entered. The Order is automatically cancelled at the end of that period unless the time is extended, or the Order is executed.
- (iv) *Good until Bettered Orders. ("GTB").* A GTB Order is an Order to buy or sell a stated amount of a Swap or strategy to be executed at the communicated price until bettered by another Order (whether from the original participant or another) whereupon it cancels or until the Order is cancelled by the Participant.
- (v) *All or None ("AON").* An AON Order is a limit order or TIF Order where only the full amount specified on the Order can be executed. AON Orders are ignored in the order matching process by corresponding Orders that have less than the required AON amount to make a trade.
- (vi) *Good until Bettered Orders All or None. ("GTB AON").* A GTB AON Order is an GTB Order where only the full amount specified on the Order can be executed. Like regular AON Orders, GTB AON Orders are ignored in the Order matching process by corresponding Orders that have less than the required AON amount to make a trade.
- (vii) *One Cancels the Other ("OCO").* An OCO Order provides the Participant the ability to enter certain Orders that are linked together whereby the execution of a trade on one linked Order results in the immediate cancellation of the remaining linked Order(s) in the OCO group.
- (viii) All Orders cease to be active at the close of the Business Day.

- (b) **Voice Orders for Required Transactions.** Notwithstanding anything to the contrary in these Rules, each Voice Order for a Required Transaction

communicated by a Participant to an Execution Specialist shall be considered to be firm from the time the Order is first communicated to the Execution Specialist for a period of 20 seconds (or such period as communicated to the Execution Specialist).

Provided, however, the Order shall no longer be considered to be firm during the remainder of that period, after:

- (i) The Participant's Order is filled;
- (ii) The Participant communicates to the Execution Specialist that the Order is cancelled and such communication is received by the Execution Specialist prior to the Order having been filled, *provided, however,* if the Order has been filled in part, only that part of the Order remaining unfilled shall be cancelled;
- (iii) The Participant is filled in the same Swap for the same size but at a different price as the original Order;
- (iv) A new Order at a better price in the same Swap is entered onto the RTX SEF by the same or a different Participant; or
- (v) A Material Market Event occurs. A "Material Market Event" means one determined in the sole discretion of the RTX SEF and shall include, but not be limited to:
 - (A) Economic news releases by the U.S. Department of Labor Bureau of Labor Statistics;
 - (B) Other recurring material economic news releases;
 - (C) Announcements of the Board of Governors of the U.S. Federal Reserve System;
 - (D) A natural or man-made disaster or a *force majeure*.

705. Confirmation of Voice Transactions and Objections

The confirmation of all terms of the transaction shall take place at the same time as execution.

- (a) **Anonymous Trading.** In accordance with Rule 518, confirmations of transactions executed anonymously will not show counterparty names or identifiers, unless such a transaction is a Package Transaction.
- (b) **Confirmation of Cleared Transactions.** Upon execution, the RTX SEF shall notify a Participant of the matching of Bids and Offers through the Electronic Trading System as follows.
 - (i) *Initial notification:* With respect to Cleared Transactions matched in a Voice Trading Session under Rule 703 but prior to confirmation of the execution of the transaction, the matched transaction will be subject to the agreement of the parties as to trade structure parameters (the instrument, the price, direction and amount) and to a manual credit check.

- (ii) *Confirmation*: Upon completion of the transaction, the Execution Specialist will key in trade details, which shall include all material economic terms, and that the counterparties agree to these terms at which time RTX SEF will issue a written trade confirmation of the executed trade to the parties, which writing may be electronic, and which shall legally supersede any previous agreement, and shall serve as a confirmation of the transaction.
- (c) **Objections.** Objections to the contents of transaction confirmations must be submitted to the RTX SEF, in writing, promptly upon receipt, but no later than the close of that Business Day.

Notwithstanding any other provision of these Rules, in the event that a Participant objects under this section to the contents of the confirmation of a transaction that has taken place through the Voice Order Book under Part 7 of these Rules, the Board, through its designee the Chief Executive Officer (or the Chief Executive Officer's delegate) (the "Designee"), is authorized in his or her discretion to adjust trade prices or cancel a trade when such action is necessary to correct a clear clerical error on the part of the Execution Specialist in facilitating trading via the Voice Order Book. Any trade price adjustment or trade cancellation shall be made subject to the standards of this rule. Any determination made under this rule to adjust any trade price or cancel any trade shall be announced to the market by a message from the Support Desk or such other method as the RTX SEF shall provide and such adjustment shall be reported by the RTX SEF to the SDR.

706. Record Keeping and Reporting

All Voice-assisted trading shall be recorded in an unalterable format and retained as required under Commission Rule 1.31. All Bids and Offers managed through the Voice Order Book will be retained in an unalterable format as required under Commission Rule 1.31. The Execution Specialist shall key in the trade details of the transaction immediately upon execution. RTX SEF shall report such transactions as having been executed on or subject to the Rules of RTX SEF, identifying such transactions as voice-assisted transactions and reporting swap transaction and pricing data to a Swap Data Repository as soon as technologically practicable after execution, as required under 17 CFR Part 43, and swap data to a Swap Data Repository as required by 17 CFR § 45.3(a) in the form and manner specified in the technical specification referenced in 17 CFR § 45.13(a).

PART 8. CLEARING AND FINANCIAL INTEGRITY OF CONTRACTS

801. Scope

Rules 802, 803, 805, 806 and 807 shall apply to both Required and Permitted Transactions. Rule 804 shall apply only to Permitted Transactions.

802. Relation to Clearing Organization

- (a) **Rules of Clearing Organization.** The Bylaws and Rules of the Clearing Organization shall be applicable to the clearing of Swaps which are Required Transactions traded on or subject to the rules of the RTX SEF.
- (b) **Cleared Swaps.** Every Swap executed on or subject to the rules of the RTX SEF that is a Required Transaction will be forwarded by the RTX SEF to the Clearing Organization selected by the Participant directly to the Clearing Organization or via a STP Facility.
- (c) **Choice of Clearing Organization.** If more than one Clearing Organization is available for clearing the Swap, each Participant may designate its choice of Clearing Organization for selected transactions by designating a specific Clearing Organization for each Order. But the Participant's choices will only include those Clearing Organizations with whom RTX SEF has executed a clearing services agreement; to clear any RTX SEF product through a particular Clearing Organization, RTX SEF must first have a clearing services agreement with that Clearing Organization. In addition, for a trade to be executed between two Participants, both would have to designate the same Clearing Organization.
 - (i) Participants may designate the Clearing Organization by hitting a Bid or lifting an Offer for the displayed price of a product cleared by a specific Clearing Organization. Participants may enable a general filter on RTX SEF systems to view only prices for a selected Clearing Organization(s).
 - (ii) Trades executed as transactions to be cleared at a specified Clearing Organization will be subject to the collateral requirements of that Clearing Organization, including the timing of collateral funding requirements of that Clearing Organization.
 - (iii) Subject to the clearing authorization requirement of Rule 803, Participants may choose a Clearing Organization to which the Swap will be forwarded by the RTX SEF. Such Clearing Organization shall be authorized or licensed by the Commission, or otherwise meet Commission requirements, to clear such Swaps. Such Clearing Organizations are limited to the following:

Swap	Clearing Organization
Interest Rate Swaps	LCH Ltd. and CME, Inc.

- (d) **Margin.** A Participant must comply with all margin requirements of the relevant Clearing Organization and its Clearing Participant, if applicable, and any applicable margin requirement set forth by Commission Regulation or Applicable Law.

803. Clearing Authorization Required

(a) Clearing Participant Authorization.

- (i) Every ITBCS trade executed on the Trading System or subject to the rules of the RTX SEF shall be cleared through a Clearing Participant authorized by the designated Clearing Organization for the given product.
- (ii) Each Clearing Participant by entering into a relationship to intermediate clearing on behalf of a Trading Participant as provided in subsection (b) of this Rule 803, shall be subject to, and shall be considered to have consented to, the jurisdiction of the RTX SEF, in respect of such transactions, including the jurisdiction of the RTX SEF to impose sanctions for violations under Rule 1016.

- (b) **Trading Participant Authorization.** Each Trading Participant must establish and maintain a relationship with a Clearing Participant that will intermediate the clearing of the Trading Participant's Swap transactions.

Each Trading Participant must:

- (i) identify to the RTX SEF its Clearing Participant;
- (ii) ensure they do not request quotes, Bid or Offer or generally trade Swaps for a designated Clearing Organization without appropriate authorization; and
- (iii) notify the RTX SEF of any change in relationship with a Clearing Participant. Such notification must be made prior to executing any trade on the Trading System or any cleared trade subject to the rules of the RTX SEF.

- (c) **Evidence of Agreement with Clearing Participant.** Evidence of an agreement between the Clearing Participant and its Trading Participant must be provided to the RTX SEF in the form and manner requested by the RTX SEF and must be specific with respect to the products covered thereunder.

- (d) **Termination of Clearing Authorization.** A Clearing Participant may terminate at any time its authorization of a Trading Participant by informing the RTX SEF and as applicable the Trading Participant. Notice shall be given in as promptly a form as possible and shall be provided in writing no more than twenty-four hours after being given by any other means.

- (i) In the event the Clearing Participant notifies the RTX SEF that it will no longer clear a Trading Participant's Swaps, until the Trading Participant establishes a relationship with another Clearing Participant acceptable to the RTX SEF, the RTX SEF will take immediate steps to:

- (A) withdraw all of the Trading Participant's resting orders from the Trading System,
- (B) terminate the Trading Participant's access to the Trading System; and
- (C) terminate the Trading Participant's access to execute trades subject to the rules of the RTX SEF.

804. Financial Integrity for Permitted Transactions

- (a) **Clearing of Swaps.** Permitted Transactions executed on or subject to the rules of the RTX SEF are not required to be cleared under applicable law. Permitted Transactions may be cleared if both counterparties agree, prior to or subsequent to execution, to submit the trade to an agreed upon Clearing Organization. RTX SEF requires, however, that all swap transactions executed on or subject to the rules of the RTX SEF must be cleared, including Permitted Transactions. Based on this, all swap transactions executed on RTX SEF will be cleared. If the counterparties elect to clear a transaction prior to execution or at the time of execution, it will be forwarded by the RTX SEF to the agreed upon Clearing Organization directly or via a STP Facility. A Participant electing to clear a transaction must comply with all margin requirements of the relevant Clearing Organization and its Clearing Participant, if applicable, and any applicable margin requirement set forth by Commission Regulation or Applicable Law.

805. Trades Not Accepted for Clearing

- (a) **Clearing Certainty.** The RTX SEF shall promote certainty of clearing by identifying to the Participant that an Order for a cleared contract, if executed, would be within the clearing credit or trading limits which are applied by the Clearing Participant to the Person on whose behalf the Order has been entered.
- (b) **Trades Rejected for Clearing.** In the event that a Swap is rejected by the Clearing Organization to which it has been submitted, the RTX SEF will so inform the Participants that are the counterparties to the trade. A trade for which the RTX SEF has received a rejection notice from the Clearing Organization is void ab initio; *provided however*, nothing in this Rule shall supersede the procedures of Rule 515 which shall apply to Error Trades.
- (c) **Breakage Agreements Prohibited.** Participants are prohibited from requiring breakage agreements with other Participants as a condition of trading with them.

806. Disputes Related to Clearing

Disputes arising from or in connection with the clearance, delivery or settlement of Transaction shall be resolved pursuant to the Bylaws, Rule and procedures of the Clearing Organization.

807. Establishment of Daily and Final Settlement Prices

17 CFR § 16.01(b)(4)(i) requires RTX SEF to publicly disclose swap instrument settlement prices and nominal price methodologies for each listed instrument.

- (a)** The RTX SEF shall calculate a daily settlement price for each Swap listed for trading on the RTX SEF and priced that day via firm orders or transactions. Such daily settlement prices shall be calculated in the same manner, shall be published to www.rtxfintech.com before 7 PM each Business Day and shall be subject to subsequent review and revision by each of the Facility's Clearing Organizations in accordance with each respective Clearing Organization's rules and procedures. For information on other information that RTX SEF will publish to its website, see Rule 1207.
- (b)** Calculation. The RTX SEF will calculate daily settlement prices for Swaps receiving Bids or Offers through the Business Day only. Swaps listed for specific Clearing Organization clearing that do not receive any executable Bids and Offers in the order book on any particular day will not have daily settlement prices calculated. The settlement price will be established using an algorithm which calculates the settlement price using the following hierarchy of price inputs:

 - (i)** the mid-price of the best executable bid/offer spread present at the close rounded to the nearest price increment; then
 - (ii)** the most recent of the following:

 - (A)** actual Bid;
 - (B)** actual Offer; and
 - (C)** last trade.

PART 9. BUSINESS CONDUCT

901. Violation of Law

It shall be prohibited for any Participant to violate or fail to conform to applicable provisions of the Act, Commission Regulations or any other law applicable to trading on the RTX SEF.

902. Rule Violation

It shall be prohibited for any Participant to violate or fail to conform to the Rules and procedures of the RTX SEF or with any decision or order of a committee of the RTX SEF or any order of any officer, employee or agent of the RTX SEF when acting within his, her or its jurisdiction.

903. No Transfers

No Participant shall transfer or assign such Participant's trading privileges. Any purported transfer or assignment shall not be binding on the RTX SEF. Persons who acquire or succeed to the business of any Participant may obtain trading privileges only by application to the RTX SEF pursuant to Part 3 of these Rules, except upon the prior written consent of the RTX SEF if the Person is succeeding to the business of a Participant solely as a result of the change in the corporate form of the Participant.

904. False Information

It shall be prohibited for any Participant to disseminate any false, misleading or knowingly inaccurate information, including reports concerning any Swap or market information or conditions that affect or tend to affect the price of any Swap executed on the RTX SEF.

905. Manipulation Prohibited

No Participant shall manipulate, or attempt to manipulate, the price of, or to corner, any Swap executed on the RTX SEF, or in connection therewith the Underlying Commodity.

906. Prohibition on Misstatements

No Participant shall furnish false or misleading information or fail to furnish information in respect of such Participant's activities on or subject to the Rules of the RTX SEF, when requested by the RTX SEF or any committee, officer, employee, or agent of the RTX SEF, acting in the course of his, her or its duties.

907. Employees of the RTX SEF

It shall be prohibited for any Participant to knowingly carry an account, enter an order or effect any transaction for any employee of the RTX SEF, the Clearing Organization or any other Participant without the prior written consent of the employer and which is communicated in writing to RTX SEF for review and decision (which may be in the form of a blanket consent to all orders and transactions entered or executed after such consent is given).

908. Abusive Trading Practices Prohibited

No Participant shall engage in front-running, wash trading, pre-arranged trading, fraudulent trading, money passes, accommodation trading, any other manipulative activity prohibited by the Act or Commission regulation or disruptive trading practice (which includes any trading practice described in Section 4c(a)(5) of the Act or in applicable interpretive guidance issued by the Commission and in force at the time of the violation), or enter into non-competitive transactions on or subject to the Rules of the RTX SEF except as otherwise authorized by these Rules, or execute any such Order on behalf of another with such knowledge of its nature.

909. Detrimental Conduct

No Participant or employee of RTX SEF shall engage in conduct or practices inconsistent with just and equitable principles of trade or conduct or practices detrimental to the best interests of the RTX SEF.

910. Fraud Prohibited

No Participant shall use or employ, or attempt to use or employ, any manipulative device, scheme, or artifice to defraud, or engage, or attempt to engage, in any act, practice, or course of business, which operates or would operate as a fraud or deceit upon any other Participant.

PART 10. DISCIPLINARY PROCEEDINGS

1001. Scope

The procedures of this Part 10 shall apply to any Person that is subject to, and that is bound by, the Rules of the RTX SEF.

1002. Investigations

(a) Investigation. The Compliance Department and its designees are responsible for investigating possible violations of the Rules upon request from Commission staff or the discovery or receipt of information which, in their judgment, indicates a possible basis for finding that a violation has occurred or will occur. Investigations shall be conducted by the Compliance Department in accordance with these Rules. The RTX SEF may contract for the performance of specified functions assigned by these Rules to the Compliance Department to (1) a registered futures association; or (2) a registered entity. The RTX SEF retains ultimate responsibility of the investigations.

(b) Investigation Report. After conducting an investigation, the Compliance Department shall prepare a written report including the reason the investigation was initiated, a summary of the complaint, if any, the relevant facts, the Compliance Department's conclusions, analysis and recommendation as to whether disciplinary action should be pursued. This written report shall be produced within twelve months following the initiation of the investigation, absent mitigating circumstances. If the Compliance Department has determined that a reasonable basis exists for finding a violation, it shall make a recommendation as to whether the Disciplinary Committee should proceed with the matter. The Compliance Department may also issue a warning letter to the Person being investigated or forward to the Review Panel of the Disciplinary Committee a recommendation that it issue a warning letter. A warning letter issued to the Person under investigation under this paragraph is not a penalty or an indication that a finding of a violation has been made. But as required under 17 CFR § 37.206(f), RTX SEF may issue no more than one warning letter per rolling twelve-month period to the same Participant for the same violation.

The investigation report shall become part of the investigation file, which shall be maintained by the Compliance Department for a period of not less than five years after the completion of such report. The Compliance Department shall promptly provide the Disciplinary Committee with a copy of each investigation report.

1003. Review of Investigation Report

The Review Panel shall promptly review each investigation report prepared by the Compliance Department. In the event the Review Panel decides that additional investigation or evidence is needed, it shall promptly direct the Compliance Department to conduct further investigation. Within a reasonable period of time not to exceed sixty

days after the receipt of a completed investigation report, the Review Panel shall take one of the following actions:

- (a) If the Review Panel determines that no reasonable basis exists for finding a violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken. Such determination must be in writing and contain a brief statement setting forth the reasons therefore.
- (b) If the Review Panel determines that a reasonable basis exists for finding a violation which should be adjudicated, it shall direct that any Person alleged to have committed the violation be served by Compliance Department with a notice of charges, thus commencing disciplinary proceedings pursuant to these Rules.
- (c) The Review Panel may also determine to issue a warning letter to the Person being investigated. A warning letter issued to Person under investigation under this paragraph is not a penalty or an indication that a finding of a violation has been made.

1004. Respondent

A Person alleged in a Notice of Charges to have committed a violation shall be referred to as the Respondent.

1005. Notice of Charges

A written Notice of Charges shall be served by Compliance Department on any Respondent as directed by the Review Panel. A Notice of Charges means a notice of a disciplinary proceeding by RTX SEF Compliance Department that shall include the following:

- (a) State the acts, practices or conduct in which the Respondent is alleged to have engaged;
- (b) State the provision of the Rules alleged to have been, or are about to be, violated;
- (c) State the predetermined penalty, if any;
- (d) State that the Respondent is entitled to a hearing on the charges upon written request served upon the Compliance Department within 30 days of service of the Notice of Charges and filed with the Hearing Panel of the Disciplinary Committee and that failure so to request a hearing within 30 days, except for good cause shown, shall be deemed a waiver of the right to a hearing; and
- (e) State that the Respondent is entitled to serve an answer upon the Compliance Department within 30 days of service of the Notice of Charges and to file such answer with the Hearing Panel and that failure in an answer to deny expressly any allegation or any charge in the Notice of Charges shall be deemed to be an admission of such allegation or charge.

1006. Service

Service of a Notice of Charges or any other document in a disciplinary proceeding on a Respondent shall be made by personal delivery to the Respondent or the Respondent's agent appointed under Rule 303(b) or by first class mail addressed to the Respondent at the last address filed by the Respondent with, or otherwise known to, the RTX SEF. However, if the Respondent is represented by counsel in the disciplinary proceeding, service shall be by personal delivery to counsel or by first class mail addressed to counsel at the last address filed by counsel with the RTX SEF. Service of any document on the Compliance Department shall be made by personal delivery to the Compliance Department or by first class mail addressed to the Compliance Department, in either case at the address specified in the notice of charges. Filing with the Disciplinary Committee may be made by personal delivery to the Disciplinary Committee or by first class mail addressed to the Disciplinary Committee at the address specified in the notice of charges. Service by mail shall be complete when deposited in an official depository of the United States Postal Service. If service is made by mail, any time period in these Rules calculated with respect to the date of service shall be extended by a period of five days. Service may be effected through electronic mail or facsimile upon the agreement of all parties.

1007. Answer from Respondent

- (a) A Respondent receiving a Notice of Charges may serve a written answer to the Notice of Charges upon the Compliance Department and file the answer with the Hearing Panel, provided that:

 - (i) the answer must be in writing and include a statement that the Respondent admits, denies or is without knowledge or information sufficient to form a belief as to the truth of each allegation.
 - (ii) failure to serve an answer within 30 days following the service of the Notice of Charges shall be deemed an admission of all allegations contained in the notice of charges.
 - (iii) failure in an answer to expressly deny any charge or allegation shall be deemed to be an admission of the charge or allegation; provided, however, that a statement of a lack of sufficient knowledge or information to form a belief as to the truth of an allegation shall have the effect of a denial of the allegation.
- (b) If the Respondent admits or fails to deny any of the charges in a notice of charges, the Hearing Panel may find that the violation of the Rules alleged in the charge has been committed and may impose a penalty no greater than the predetermined penalty, if any, stated in the Notice of Charges for such violation or violations. If no predetermined penalty was so stated, the Hearing Panel shall impose a penalty for each violation found to have been committed.
- (c) If the Hearing Panel imposes a penalty pursuant to paragraph (b) of this Rule, the Respondent and the Compliance Department shall be promptly served with a written notice of any penalty to be imposed and shall advise the Respondent that he or she may request a hearing on the penalty, provided that a written request for a hearing must be served upon the Compliance Department within

30 days following service of the notice and filed with the Hearing Panel. However, no hearing shall be permitted on a penalty that is less than or equal to the predetermined penalty, except for good cause shown. If the Respondent fails to request a hearing within 30 days following service of the notice, the Respondent shall be deemed to have accepted the penalty, and the decision of the Hearing Panel shall be the final action of the RTX SEF.

1008. Right to Representation

A Respondent shall be entitled to be represented by legal counsel or any other representative of the Respondent's choosing in any proceedings under this part of the Rule; provided, however, that this Rule does not constitute the basis for any claim that the RTX SEF must furnish an attorney to a Respondent.

1009. Hearings

- (a) If the Respondent has, in a timely manner, requested a hearing on a charge which is denied in the Respondent's answer or on a penalty imposed by the Hearing Panel pursuant to Rule 206 and this Part 10 (other than a predetermined penalty stated in the notice of charges), the Respondent shall have an opportunity for a hearing on the matter. Such hearing shall be promptly convened after fair notice to the Respondent.
- (b) Any hearing shall be conducted before a Hearing Panel of three members of the Disciplinary Committee.
- (c) The Respondent shall be entitled in advance of the hearing to examine all books, documents, or other tangible evidence in the possession or under the control of the RTX SEF which are to be relied upon by the Compliance Department in presenting the charges contained in the Notice of Charges or which are relevant to those charges or the penalties.
- (d) The formal rules of evidence need not apply; nevertheless, the procedures for the hearing may not be so informal as to deny a fair hearing.
- (e) The Compliance Department shall be a party to the hearing and shall present its case on those charges and penalties which are the subject of the hearing.
- (f) The Respondent shall be entitled to appear personally at the hearing.
- (g) The Respondent shall be entitled to cross-examine any persons appearing as witnesses at the hearing.
- (h) The Respondent shall be entitled to call witnesses and to present such evidence as may be relevant to the charges or the penalties and the Compliance Department shall be entitled to cross-examine any witness called by the Participant.
- (i) The RTX SEF shall require Persons within its jurisdiction called as witnesses to appear at the hearing and to produce evidence. It shall make reasonable efforts to secure the presence of all other Persons called as witnesses whose testimony would be relevant.

- (j) A substantially verbatim record of the hearing shall be made and shall become a part of the record of the proceeding. The record must be one that is capable of being accurately transcribed; however, it need not be transcribed unless the transcript is requested by Commission staff or the Respondent. The record shall be transcribed pursuant to Commission Rule 9.21(a) if the decision is appealed to or reviewed by the Commission. In all other instances, a summary record of the hearing is permitted.
- (k) The cost of transcribing the record of the hearing shall be borne by the Respondent if the Respondent requests the transcript or appeals the decision to the Commission. In all other instances, the cost of transcribing the record shall be borne by the RTX SEF.
- (l) A penalty pursuant to Part 10 may be summarily imposed by the hearing panel of the Disciplinary Committee upon any person within its jurisdiction whose actions impede the progress of a hearing.

1010. Decision

- (a) Promptly following the hearing, the Hearing Panel of the Disciplinary Committee shall render a written decision based upon the weight of the evidence contained in the record of the proceeding and shall serve a copy of its decision within 30 days upon the Compliance Department and the Respondent. The decision, shall be the final action of the RTX SEF and shall not be subject to appeal within the RTX SEF. The decision shall become effective at the time set forth therein the decision, which shall be not less than fifteen days after the written decision has been delivered to the Person disciplined or denied access. Where delivery is by U.S. mail, an additional three day period shall be provided prior to the decision becoming effective. *Provided, however,* that a decision may become effective in fewer than fifteen days if, as determined by the RTX SEF and stated in the decision, such an action is necessary to protect the best interests of the RTX SEF, the violation relates to timely submission of accurate records required for clearing, or the disciplined Person consents to the penalty and the timing of its effectiveness. The decision shall include:
 - (i) the Notice of Charges or a summary of the charges;
 - (ii) the answer, if any, or a summary of the answer;
 - (iii) a brief summary of the evidence produced at the hearing or, where appropriate, incorporation by reference of the investigation report;
 - (iv) a statement of findings and conclusions with respect to each charge, a complete explanation of the evidentiary and other basis for such findings and conclusions with respect to each charge and basis for imposing sanctions, and an indication of each specific Rule which the Respondent is found to have violated; and
 - (v) a declaration of any penalty imposed and the effective date of such penalty.

- (b) When a decision under Rules 1010, 1015, or 1016 has become final, the RTX SEF shall—in the event that the Respondent is a member of the National Futures Association—within thirty days, provide a copy of such decision by electronically providing such information to the National Futures Association for entry into its Background Affiliation Status Information Center system.

1011. Penalties

- (a) The Hearing Panel of the Disciplinary Committee may impose any one or more of the following penalties for violation of the Rules against any Person that is subject to the jurisdiction of the RTX SEF, including but not limited to, any Participant or Clearing Participant:
 - (i) a censure or reprimand;
 - (ii) suspension of trading privileges;
 - (iii) termination as a Participant or its acceptability as a Clearing Participant;
 - (iv) a fine of up to \$100,000 per violation; or
 - (v) such other penalty as the hearing panel in its discretion shall deem appropriate.
- (b) In the case of any penalty imposed on a Respondent denying access in whole or in part to the RTX SEF's market, the Hearing Panel shall issue an order to all Participants prohibiting them from granting such access, directly or indirectly, and any knowing violation of such an order shall constitute a violation of the Rules.
- (c) Any penalty imposed under Rule 1011, 1012, 1013, 1014, 1015 or 1016 shall be commensurate with the violation committed, shall take into account the respondent's disciplinary history and where applicable, shall include full customer restitution, except where the amount of restitution or to whom it should be provided cannot be reasonably determined.
- (d) Each Participant will be responsible for paying any fine or other amount imposed on but not paid by any of its Supervised Persons.

1012. Reserved

1013. Settlement

- (a) At any time after the issuance of a Notice of Charges and prior to the issuance of a decision pursuant to Rule 1010, a Respondent may serve upon the Compliance Department and file with the Disciplinary Committee a written proposal to settle the matter in question. The Disciplinary Committee may accept or reject the settlement proposal, but may not alter its terms unless the Respondent agrees. The Disciplinary Committee, in its discretion, may permit the Respondent to accept a penalty without either admitting or denying the violations upon which the penalty is based.
- (b) If the Disciplinary Committee accepts a settlement proposal, it shall issue a written decision specifying the violations it has reason to believe were committed and any penalty to be imposed. If the settlement proposal specifies that the Respondent is agreeing to accept a penalty without either admitting or denying any violations, the decision shall so state.
- (c) If the Disciplinary Committee does not accept a settlement proposal or if the Respondent withdraws the proposal after its submission but before its final acceptance by the Disciplinary Committee, the proceedings shall continue against the Respondent, but the Respondent shall not be deemed to have made any admissions by reason of the settlement proposal and shall not be otherwise prejudiced by having submitted the settlement proposal.

1014. Minor Penalties

- (a) The Compliance Department may summarily impose a fine against any Participant:

 - (i) for failing to make timely payments of dues, fees, fines, assessments or other charges;
 - (ii) for failing to make timely and accurate submissions to the RTX SEF of notices, reports, or other information required under any provision of the Rules; or
 - (iii) for failing to keep any records required under any provision of the Rules.
- (b) The amounts of the fines for any category of violations which may be imposed pursuant to this Rule shall be set by the RTX SEF from time to time, provided that the minimum fine shall not be less than \$1,000 and the maximum fine for any one violation shall not exceed \$10,000. Nothing contained in this Rule shall preclude any other action against a Participant pursuant to the Rules. The imposition of a fine against a Participant pursuant to this Rule shall be the final action of the RTX SEF if the Participant does not request review as provided in paragraph (c) of this Rule.
- (c) The Compliance Department shall serve a Participant with written notice of a fine imposed pursuant to paragraph (a) of this Rule. Such notice shall specify the date of the occurrence for which the fine is being imposed, the provision or provisions of the Rules giving rise to the fine and the amount of the fine. Within 10 days of the service of such notice, the Participant shall either pay the fine or

serve the RTX SEF with a written request specifying the basis for review of the fine by a hearing panel of the Disciplinary Committee.

1015. Participant Responsibility Actions

- (a) The RTX SEF may summarily suspend any Participant exercising Trading Privileges or take other summary action if the RTX SEF reasonably believes that such immediate action is necessary to protect the best interests of the marketplace.
- (b) Any action taken against any Participant exercising Trading Privileges pursuant to this Rule shall be taken after notice and an opportunity to be heard, unless the RTX SEF determines that giving such notice or opportunity to be heard before taking such action is not practicable under the circumstances. The notice shall state the action, the reasons for the action, and the effective time and date and the duration of the action. In any case in which action is taken without prior notice and opportunity to be heard, the RTX SEF shall give the Participant notice and an opportunity to be heard promptly thereafter.
- (c) Any hearing held pursuant to this Rule shall be held before a Hearing Panel of the Disciplinary Committee and shall be conducted in compliance with Part 10.
- (d) Promptly following the hearing held pursuant to this Rule, the Hearing Panel of the Disciplinary Committee shall render a written decision based upon the weight of the evidence contained in the record of the proceeding and shall serve a copy of such decision on the Participant and the Compliance Department. The decision shall be the final action of the RTX SEF and shall not be subject to appeal within the RTX SEF. The decision shall include:
 - (i) a description of any summary action taken or proposed to be taken;
 - (ii) the reasons for the summary action;
 - (iii) a brief summary of the evidence produced at the hearing;
 - (iv) findings and conclusions;
 - (v) a determination that the summary action should be affirmed, modified, reversed, or imposed; and
 - (vi) a declaration of any summary action to be taken pursuant to the determination specified in subparagraph (v) and the effective date and duration of the action.

1016. Action Against Non-Participants

- (a) If the Compliance Department has reason to believe that any non-Participant is conducting his trading activities in violation of the Commodity Exchange Act, Commission Rules or these Rules, it may require the non-Participant and any Participant that handles or clears the non-Participant's trades to appear, produce documents and testify at a Compliance Department interview or investigation, or at a hearing before the Disciplinary Committee.

- (b) If, after hearing, the Disciplinary Committee determines that the actions of the non- Participant violate the Commodity Exchange Act, the Commission Rules or these Rules, the Disciplinary Committee may: 1) issue a censure or reprimand; 2) order any Clearing Participant to liquidate all or any portion of such non-Participant's position; 3) order that no Participant accept new positions on behalf of any such non-Participant; 4) deny or terminate access of such non-Participant to the Trading System and the RTX SEF; 5) impose any Penalty authorized under Rule 1011, or 6) order such other action as is necessary to prevent a threat to the integrity of the market or to RTX SEF or further violations of the Commodity Exchange Act or these Rules.
- (c) In the case of a penalty imposed on a Respondent that is not a Participant denying access to the RTX SEF, the Hearing Panel shall issue an order to all Participants prohibiting them from granting such access, directly or indirectly, and any knowing violation of such an order shall constitute a violation of the Rules.

1017. Conflicts of Interest or Bias

- (a) No member of any committee of the RTX SEF shall knowingly participate in the committee's deliberations and voting on any matter involving a named party-in-interest where the member is precluded from doing so pursuant to Part 2.
- (b) Prior to the consideration of any matter involving a named party-in-interest, each member of a committee of the RTX SEF must disclose to the Chief Compliance Officer of the RTX SEF (or to his or her designee) whether he or she has any one of the relationships listed in Rules 207 and 209 with the named party-in-interest.
- (c) Any Respondent which is a named party-in-interest in any proceeding under this Part of the Rules may serve a written request on the Chief Compliance Officer of the RTX SEF for disqualification of any member of any committee of the RTX SEF on the grounds that such member has one of the relationships listed in Rules 207 or 209 or that any other cause exists which might cause the member to have a bias against such Respondent.
- (d) The Chief Compliance Officer (or his or her designee) shall determine whether or not any member of a committee of the RTX SEF will be disqualified from deliberating, voting or otherwise participating in any matter based upon:
 - (i) information provided by such Participant pursuant to paragraph (b) of this Rule;
 - (ii) information provided by a Respondent which is a named party-in-interest pursuant to paragraph (c) of this Rule; and
 - (iii) any other source of information that is reasonably available to the RTX SEF.
- (e) The Chief Compliance Officer (or his or her designee) shall promptly serve written notice of his or her determination on the member of the committee and

on the Respondent which is the named party-in-interest, and such determination shall be final and not subject to appeal within the RTX SEF.

No employee of the Compliance Department or any other employee of the RTX SEF may serve in any investigatory, prosecutorial or decision-making capacity relating to any matter involving a named party-in-interest if he or she would be precluded from participating in deliberations and voting on such matters pursuant to Part 2 if he or she were a member of a committee of the RTX SEF. The provisions of paragraphs (b) through (e) of this Rule shall be applicable to such employee of the RTX SEF as though such person were a member of a committee of the RTX SEF.

PART 11. RESERVED

No Participant, Affiliate of a Participant or employee thereof shall give any compensation or gratuity to any RTX SEF employee, and no RTX SEF employee shall accept any compensation or gratuity from any Participant, Affiliate of a Participant or employee thereof; provided that the foregoing shall not preclude giving or accepting items of nominal value.

1202. Rule Adoption, Amendment, and Repeal

- (a) Rules may be adopted, amended or repealed by the RTX SEF as provided in these Rules. However, no Rule and no amendment or repeal of a Rule shall apply to any Swap or Swap entered into prior to the adoption thereof if such Rule, amendment or repeal would affect the amount of money to be paid, or would affect the specifications of the Swap or Underlying Commodity to be delivered, under such Swap, unless emergency action has been taken pursuant to Rule 208.
- (b) Unless a Rule is adopted, amended or repealed as an emergency action pursuant to Rule 208, or it is otherwise impracticable under the circumstances, the RTX SEF shall:

 - (i) With the written consent of the Participant providing such information;
 - (ii) To the Commission or the United States Department of Justice pursuant to the requirements of the Commodity Exchange Act or any Regulation of the Commission or of any other Governmental Agency with

In addition, the RTX SEF shall share information with other regulatory organizations, data repositories, and third-party data reporting services as required by the Commission or as otherwise necessary and appropriate to fulfill its self-regulatory and reporting responsibilities.

- (c) If information concerning one or more named Participants is requested pursuant to paragraphs (b), (c) or (d) above, the RTX SEF shall notify each such Participant prior to furnishing such information, unless in the judgment of the RTX SEF it would be contrary to the best interests of the RTX SEF to do so.

508. Enforceability

- (a) In accordance with Commission Regulation 37.6, a transaction entered into on or pursuant to the rules of RTX SEF shall not be void, voidable, subject to rescission, otherwise invalidated, or rendered unenforceable as a result of:

 - (B) Require RTX SEF to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.

509. Order Size Limitations

In order to avoid error, the Electronic Trading System will prevent a Participant, and their respective Authorized Traders, from trading over a specified size, per side, per transaction, and per Swap. Such size controls are not cumulative and may be exceeded through the entry of multiple Orders. No size limitation exists for voice transactions or Block Trades under Rule 510.

510. Block Trade Transactions

- (b) The RTX SEF may designate any Swap as eligible for privately negotiated transactions, or "Block Trades," under this Rule and has determined the appropriate minimum block size for the Swaps in which Block Trades are permitted to be the same level as provided in 17 C.F.R. Appendix F to Part 43.
- (c) The price at which a Block Trade is executed shall not affect any Order in the Trading System.
- (d) Participants, Authorized Traders may elect to trade a Swap that has been designated by the RTX SEF as eligible for Block Trades as a Block Trade by entering the trade details into the trade entry window or by reporting such transaction to an Execution Specialist for trade entry. Block Trades shall comply with the following conditions:
 - (i) Each Block Trade transaction must be at least for the minimum transaction size as determined by the RTX SEF for that Swap. Orders may not be aggregated in order to achieve the minimum transaction size.
 - (ii) The mutually agreed price at which a Block Trade is executed must be fair and reasonable in light of:
 - (A) the size of such Block Trade; and
 - (B) the price and size of other trades in the same Swap at the relevant time and other related Swaps, any underlying cash market and/or related futures markets, at the relevant time.

- (iii) The price must be reasonable based upon market conditions, prices in other tenors or for related Swap contracts or based upon an established model for relating the relative prices between Swaps.
 - (iv) Each party to a Block Trade must qualify as an “eligible contract participant,” as that term is defined in Section 1a(18) of the Act.
 - (v) Each Block Trade transaction must involve swaps that are subject to the Required Transaction requirements. RTX SEF does not permit Block Trade transactions involving swaps that are considered to be Permitted Transactions.
- (e) Each Block Trade must be reported by the seller to the RTX SEF as soon as technologically practicable after execution but in no event later than 10 minutes following execution of such Block Trade. The RTX SEF will publicize information identifying the trade as a Block Trade and identifying the relevant Swap immediately after such information has been reported to the RTX SEF or at such time as is deemed appropriate by applicable regulations to that Swap. To comply with the requirements of 17 CFR § 43.6(h)(1)(ii)–(iii), RTX SEF:
 - (i) Shall notify the SDR of a block trade election when reporting the swap transaction and pricing data to the SDR in accordance with 17 CFR Part 43; and
 - (ii) Shall not disclose swap transaction and pricing data relating to a block trade subject to the block trade election prior to the expiration of the applicable delay set forth in 17 CFR § 43.5(d).
- (f) Each party to a Block Trade shall record the following details of the transaction:
 - (i) the Swap to which such Block Trade relates;
 - (ii) the nominal size of the Block Trade; and
 - (iii) the price and time of execution, and the beneficial owners of the transaction.
- (g) Upon request by the RTX SEF, such party shall produce satisfactory evidence, including the order ticket referred to in the preceding sentence that the Block Trade meets the requirements set forth in this Rule.
- (h) Notwithstanding anything to the contrary in this Rule 510, until December 30, 2022, or such later time as the relief in CFTC Letter No. 20-35 shall be extended, the RTX SEF may facilitate the execution of Block Trades within the scope of this Rule 510 that are intended to be cleared by enabling the applicable Clearing Participants to complete the pre-execution credit check required under Commission Rule 1.73 pursuant to the procedures of Rules 501(d) and Rule 502(c)(iii) at the time a Block Trade is identified to the RTX SEF. Execution of the Block Trade shall not occur until completion of the pre-execution credit check. Block Trades which are rejected on the basis of credit at the time that they are identified to the RTX SEF shall be void *ab initio*.

511. Public Disclosure of Data

- (a) If a registered SDR accepts data for an asset class, the RTX SEF will report or cause to be reported to an SDR, such swap transaction and pricing data as required by Commission Regulations for all Swap transactions executed on or subject to the Rules of the RTX SEF; both 17 CFR Part 43 and 45 data are to be reported to the SDR, as applicable. The RTX SEF reports such information to the following SDRs:

Swap	SDR
Interest Rate Swaps	DTCC

In addition, reports to the SDR shall include the actual notional or principal amount for all swaps executed on or pursuant to the rules of RTX SEF and swap transaction and pricing data that includes an actual description of the underlying asset(s), in accordance with 17 CFR § 43.4(d)(2)(i) and 43.4(c)(2), respectively. And as required under 17 CFR § 43.4(d)(2)(ii), the actual notional or principal amount for any block trade executed on or pursuant to the rules of RTX SEF shall be reported to RTX SEF.

- (b) The RTX SEF shall disclose to all Participants on the RTX SEF data regarding price, size, and side of a Swap transaction executed via the Electronic Order Book and may disclose such information for a transaction executed on the Voice Order Book, upon transmittal of such information to the SDR.
- (c) Nothing in this Rule 511 shall prohibit the RTX SEF from disclosing:
- (i) to all Participants on the Facility Orders, including price and side information, prior to a trade being executed; or,
 - (ii) to the counterparties to an executed trade, price, size or any other material terms of their executed transaction prior to transmittal of the information to an SDR and its public disclosure by the RTX SEF.

512. Off-Facility Transactions

The RTX SEF may record a Permitted Transaction arranged as an Off-Facility Transaction by one or more Broker as being executed subject to the Rules of the RTX SEF, if the following conditions are met:

- (a) The Participants have provided blanket or transaction-specific consent to entering into a Permitted Transaction arranged by a Broker(s);
- (b) All of the terms of the Permitted Transactions are agreed by the Participants prior to the Participants or Authorized Traders reporting the Permitted Transaction to the RTX SEF; *provided, however*, the transaction shall not be considered to be executed until accepted by the RTX SEF;
- (c) The Participants or Authorized Traders report the terms of the Permitted Transaction in the form and manner specified by the RTX SEF as soon as practicable, but in no event more than 15 minutes, following agreement of the Participants to the terms of the transaction;
- (d) It complies with Part 8 of the Rules;

- (e) Each applicable Clearing Participant, in accordance with Commission Regulation 1.73, shall establish and apply risk-based limits in respect of such Participant and, as facilitated by the RTX SEF, shall screen such Off-Facility Transaction for compliance with the limits through an automated or non-automated system of risk controls reasonably designed to ensure compliance with the limits;
- (f) The transaction may not be entered into for illegal or improper purposes (including, without limitation, any conduct prohibited by Part 9 of these Rules);
- (g) The Participants and Broker must keep full, complete, and systematic records of the transaction as required by Commission Rule 1.35;
- (h) The Participants for whom the transaction has been arranged shall be responsible, upon the request of the RTX SEF to demonstrate to the reasonable satisfaction of the RTX SEF that the transaction complies with the conditions of the Act, Commission Rules, and the conditions of this Rule 512, including making available to the RTX SEF, upon request, access to the Broker's records relating to the transaction.

513. Package Transactions

A package transaction means a multi-leg transaction priced or quoted as one economic transaction, involving at least one Swap. For all package transactions, the RTX SEF's audit trail records shall identify the Swap transaction(s) as being priced under the procedures of this Rule. The Swap leg or legs of a package transaction may be executed by the RTX SEF subject to the following conditions.

- (a) *U.S. Dollar Swap Spread.*
 - (i) A U.S. Dollar Swap Spread is a transaction in a U.S. Dollar Swap traded as a spread price between a U.S. Treasury security and the Swap. U.S. Dollar Swaps are available for trading as a spread transaction via:
 - (A) the Electronic Order Book under Rule 602(a) of the Rules, and Assisted Order Entry (Rule 607);
 - (B) the Voice Order Book under Part 7, including but not limited to regular Voice Trading Facility (Rule 703(a)), Voice Work-up (Rule 703(a)(x) of the Rules;
 - (C) Pre-execution discussed and crossed trades under Rule 505, and
 - (ii) Orders in U.S. Dollar Swap Spreads are subject to the pre-trade credit check under Rule 501(d).
 - (iii) Upon a buyer and seller being matched by the RTX SEF in a U.S. Dollar Swap Spread transaction, the RTX SEF notifies each party of 1) the price or spread (yield differential) at which the transaction occurs, 2) the identity of the opposing party, 3) the Swap price or yield, and 4) the US Treasury security price and yield. The Swap price must be equal to, or close to the prevailing market Swap price at the time the Swap transaction occurs and the US Treasury security price must be close to the prevailing U.S. Treasury market security price at the time the Swap

transaction occurs. The parties to the Swap subsequently then enter into a separate cash market transaction bilaterally for the Treasury security at such prevailing cash market price.

- (iv) For the avoidance of doubt, the RTX SEF takes no part in facilitating cash market Treasury security transactions.
- (b) *MAT/MAT*. A MAT/MAT package consists of two (or more) Required Transaction legs of the same Swap but of different Tenors, traded based upon the spread value of the defined relationship of the legs. When entering a Bid (Offer) such Orders shall be subject to the pre-trade credit check under Rule 501(d). A MAT/MAT package can be traded via any of the functionalities or facilities provided in paragraph (a)(i)(A),(B) and (C) of this Rule. Upon being matched based upon the spread value, the RTX SEF executes the two legs of the transaction at a price calculated by the RTX SEF derived from the prevailing price for the shorter Tenor leg.
- (c) *MAT/Non-MAT (Cleared)*. A MAT/Non-MAT (Cleared) package consists of at least one Required Transaction and one (or more) cleared Permitted Transaction based upon the spread value of the defined relationship of the legs. When entering a Bid (Offer) such Orders shall be subject to the pre-trade credit check under Rule 501(d). A MAT/Non-MAT (Cleared) package can be traded via any of the functionalities or facilities provided in paragraph (a)(i)(A),(B) and (C) of this Rule. Upon being matched based upon the spread value, the RTX SEF executes the two legs of the transaction at a price calculated by the RTX SEF derived from the prevailing price for the Required Transaction leg.
- (d) *MAT/Non-Swap Instruments*. As permitted under Commission Rules 37.9(d) and 37.9(a)(2) and as pursuant to 37.9(c)(2), the Required Transaction leg or legs of a package transaction that consists of one or more Required Transaction and one or more non-Swap instrument, shall be subject to the procedures of Rule 512; *provided, however*, this provision shall not apply to U.S. Dollar Spreads which shall be subject to the procedures of paragraph (a).

 - (i) The Broker, when reporting the Swap leg of the package to the RTX SEF for execution shall also include the trade details of the non-Swap leg or legs of the package.
- (e) *MAT/Futures*. Until November 15, 2025, or such later time as the relief in CFTC Letter No. 22-15 (NAL 22-15) may be extended, the Required Transaction leg or legs of a package transaction that consists of one or more Required Transaction and one or more are contracts for the purchase or sale of a Commodity for future delivery, shall be subject to the procedures of Rule 512.
- (f) *MAT/Non-CFTC Swap*. As permitted under Commission Rules 37.9(d) and 37.9(a)(2) and as pursuant to 37.9(c)(2), the Required Transaction leg or legs of a package transaction that consists of one or more Required Transaction and one or more of the components is a swap over which the CFTC does not have exclusive jurisdiction, shall be subject to the procedures of Rule 512.
- (g) For all package transactions, the RTX SEF's audit trail records shall identify the Swap transaction(s) as being priced under the procedures of this Rule 513.

514. Trade Cancellations and Price Adjustments

- (a) **Trade Cancellation, Amendment, or Adjustment Authority.** The RTX SEF's trade cancellation policy authorizes the Board, through its designee the Chief Compliance Officer (or the Chief Compliance Officer's delegate) (the "Designee"), to amend trade prices, cancel (bust) trades, or to make such other adjustments when such action is necessary to mitigate market disrupting events; to mitigate instances where market integrity has been compromised caused by the improper or erroneous use of the RTX SEF; or to address manifest unfairness caused by a material error of the Execution Specialist in Order handling or other material error by the RTX SEF, such as the incorrect display of a Bid or Offer, erroneous execution, or erroneous reporting of a Swap transaction.
- (b) Notwithstanding any other provision of this Rule, the Designee may adjust trade prices, cancel any trade executed through the RTX SEF, execute a new or off-setting Swap on behalf of the parties to a disputed transaction on the RTX SEF or another SEF, or require the parties to execute a new or off-setting Swap transaction on the RTX SEF or another SEF, if the Designee determines that allowing the trade to stand as executed may have a material, adverse effect on the integrity of the market or is otherwise necessary or appropriate to address manifest unfairness caused by a material error of the Execution Specialist or other material error by the RTX SEF; provided, however, that any such determination by the Designee (if other than the Chief Compliance Officer) will be subject to review by the Chief Compliance Officer if the Designee determines such review to be necessary or appropriate. Subject to the immediately preceding sentence, the decision of the Designee shall be final.
- (c) Any trade price amendment, trade cancellation, or other trade adjustment shall be made subject to the standards of this Rule 514, such standards being clear, fair, and publicly available. Any determination made under this Rule 514 to adjust any trade price, cancel any trade, or make any other adjustment shall be made subject to the procedures of Rule 514(d), (e), (f) and (g) and announced to the market by a message from the Support Desk or such other method as the RTX SEF shall provide.
- (d) **Procedure—Review of Trades Made in Erroneous Use of RTX SEF or Resulting from Error of the RTX SEF.** The Designee's decision on whether to cancel or amend a trade claimed to be made through erroneous use of the RTX SEF or as a result of an error by the Execution Specialist or the RTX SEF shall be made under the following procedure:
 - (i) **Review of Trades.** The Designee may review a trade based on its analysis of market conditions or a request for review by a user of the RTX SEF.
 - (ii) **Request for Review.** A request for review must be made within 20 minutes from the execution of the trade. The request may be verbal, with a writing (which may be electronic) to follow within one hour from the execution of the trade. The request must specify the trade details,

the time of its occurrence, the desired outcome (amend, cancel, or other action) and the reason for such a request, including whether due to erroneous trading or a material error by the Execution Specialist in Order handling or other material error by the RTX SEF such as the incorrect display of a Bid or Offer, erroneous execution, or erroneous reporting of a Swap transaction.

- (iii) The Designee shall promptly determine whether the trade will be subject to review, and upon deciding to review a trade, the Designee will promptly notify the counterparties and issue an alert to all Participants on the RTX SEF indicating that the trade is under review. The Designee, in his or her discretion, may also notify the Compliance Department of the requestor.

In the course of its review of any trade, the Designee may, but is not obligated to, inform any of the parties to the trade of the identity and contact information of any other party to the trade.

- (e) **Procedure—Review of Improper Trades.** The Designee’s decision on whether to cancel or amend a trade claimed to be improper shall be made under the following procedure:

- (i) **Review of Trades.** The Designee may review a trade based on its analysis of market conditions or a request for review by a user of the RTX SEF.
- (ii) **Request for Review.** For trades claimed to be improper, a request for review must be made within 20 minutes from the execution of the trade. The request may be verbal, with a writing (which may be electronic) to follow within one hour from the execution of the trade. The request must specify the trade details, the time of its occurrence, the desired outcome (amend or cancel) and detail the basis on which the trade should be considered improper and the reason supporting the cancellation or amendment of such a trade. The written request must be countersigned by the customer desk head or a business individual with supervisory authority for the requestor. The RTX SEF will make its determination based upon the request for review.
- (iii) Upon receiving a written request to cancel or amend an improper trade, the Designee, in the Designee’s discretion, may offer the counterparty an opportunity to respond to the reasons cited in the written request that the trade was improper and to provide an explanation why the trade should not be considered to be improper; *provided, however*, the counterparty shall not have a right to view the written request if the Designee shall in his or her discretion determine that the contents or identity of the requestor should not be disclosed.
- (iv) The Designee, upon reviewing the written request for cancellation or amendment of an improper trade and any statement of the counterparty to the requestor will determine whether the trade on its face violated Applicable Law or these Rules and whether the trade affected the integrity of the market, including but not limited to

whether the trade had a material adverse effect on market prices or orderly trading in the market.

(f) Designee's Determination.

- (i) The Designee shall communicate his or her determination to the parties whether to cancel the trade, amend or adjust the trade, to order such other actions as within the RTX SEF's authority or to let the trade stand, and shall communicate his determination to the market.
- (ii) Upon a determination by the Designee that a trade shall be cancelled or amended the RTX SEF shall implement the decision including as necessary or appropriate entering into new or off-setting Swap transactions on behalf of the parties or ordering the parties to do so.
- (iii) Issues of liability in cases where reasonable out-of-pocket losses have been incurred by Persons whose trades were cancelled or amended will be determined by the Designee based upon all relevant facts and circumstances, including the conduct of the respective parties. A party whose erroneous, or improper Order handling was the cause of the cancelled, amended or adjusted trade shall be liable for reasonable out-of-pocket losses of the counterparty to the transaction. Parties that know a transaction to be erroneous, improper, or executed in error have an obligation to mitigate the loss.
 - (A) A claim for a loss pursuant to this Rule must be submitted to the RTX SEF, on a RTX SEF claim form, within five Business Days of the cancelled, amended, or adjusted trade giving rise to the claim. The RTX SEF shall reject any claim that is not permitted by this Rule and such decision shall be final. All claims which are not rejected by the RTX SEF shall be forwarded to the party responsible for the Order(s) that resulted in the cancelled, amended or adjusted trade and that party shall, within ten Business Days of receipt of the claim, admit or deny responsibility in whole or in part.
 - (B) To the extent that liability is admitted, payment shall be made within ten Business Days. To the extent liability is denied, the claim shall be resolved by and pursuant to the arbitration rules of the NFA or such other self-regulatory organization as the parties may agree in accordance with the procedures of Part 11 of the Rules.
 - (C) In the event that the error causing the loss was made by, or is the responsibility of, the RTX SEF, the RTX SEF in its sole discretion may take such steps as it deems necessary and appropriate to recompense the party or parties for their out-of-pocket loss.

(g) Trade Price Adjustment and Cancellation Process—Other Erroneous Trades.

The Designee will first determine whether the trade price is within the "No Review Range." During fast market conditions, upon the release of significant

news, or in other circumstances in which the Designee determines it is appropriate, and upon consultation with the Chief Compliance Officer, may without prior notice, temporarily increase the published No Review Range, up to an amount that is double the published range.

- (i) *Information considered.* In applying the No Review Range, the Designee shall determine the market price for that Swap immediately before the trade under review (the “Market Price”). The Designee may consider any relevant information, including the existing market conditions, the volatility of the market, the prices of related instruments in other markets, the last trade price on the RTX SEF of the same or a related Swap, a better bid or offer price, a more recent price in a related Swap or related Swap Tenor, and any other factors that the Designee deems relevant.
- (ii) *Trade Price Inside the No Review Range.* If the Designee determines that the price of the trade was inside the No Review Range, the Designee will promptly issue an alert to all Participants, Authorized Traders on the Electronic Trading System indicating that the trade shall stand.
- (iii) *Trade Price Outside the No Review Range.* If the Designee determines that a trade price is outside the applicable No Review Range, the trade price shall be adjusted to a price agreed upon in a reasonable time by a Person not responsible for an Order that results in a trade price adjustment that is within the No Review Range or in the absence of such agreement to a price that equals the Market Price for that Swap at the time of the questioned trade, plus or minus the standard or adjusted No Review Range, provided, however, that in the event that such adjusted price would be outside the trading range of the day at the time of the questioned trade, then such adjustment shall be limited to the trading range as applicable. In the event there are multiple parties, prices and/or Swaps involved in the transactions at issue, the Designee has the authority, but not the obligation, to bust rather than price adjust such transactions. The Designee will promptly issue an alert to all Participants, Authorized Traders on the Electronic Trading System indicating that the prices of the trades outside the No Review Range have been adjusted to the No Review Range limit or have been cancelled.

(h) **No Review Range.** The No Review Range shall be as follows:

Swap Contract	No Review Range (where a % is used, it is expressed as a % from the mid-market range)
EUR interest rate Swap outrights, spreads and butterfly strategies	A price 1-50.375 basis point in yield above or below the prevailing mid-market price

(i) Liability for Losses Resulting from a Price Adjustment or Cancelled Trade.

- (i) *Price-Adjusted Trades.* A Person responsible for an Order that results in a trade price adjustment shall generally not be liable for losses, other than the price adjustment, incurred by Persons whose trade prices were adjusted.
- (ii) *Cancelled Trades.* Issues of liability in cases where reasonable out-of-pocket losses have been incurred by Persons whose trades were cancelled will be determined by the Support Desk based upon all relevant facts and circumstances, including the conduct of the respective parties.

- (j) **Claim Process.** A claim for a loss pursuant to this Rule must be submitted to the RTX SEF, on a RTX SEF claim form, within five Business Days of the price-adjusted trade giving rise to the claim. The RTX SEF shall reject any claim that is not permitted by this Rule and such decision shall be final. All claims which are not rejected by the RTX SEF shall be forwarded to the party responsible for the Order(s) that resulted in a price adjustment. Such party shall, within ten Business Days of receipt of the claim, admit or deny responsibility in whole or in part.

To the extent that liability is admitted, payment shall be made within ten Business Days. To the extent liability is denied, the claim shall be resolved by

and pursuant to the arbitration rules of the NFA or such other self-regulatory organization as the parties may agree in accordance with the procedures of Part 11 of the Rules.

- (k) Trade Cancellation or Offset Procedures.** Upon a determination by the Designee that a trade shall be cancelled or that trade prices shall be adjusted, that decision will be implemented. The cancelled trade price and any price quotes that have been adjusted will be reflected as cancelled in the RTX SEF's official record of time and sales.
- (l) Adjustment Trades.** Positions that result from a trade determined by the Designee to be outside the No Review Range that cannot be cancelled shall be adjusted at the direction of the RTX SEF, by entry of the RTX SEF into new or off-setting trades as appropriate on behalf of the parties to the cancelled or adjusted trade or ordering such parties to enter into new or off-setting trades as directed by the RTX SEF. The adjusting trades must use the original trade price and quantity. Any party may, but is not required to, include a cash adjustment to another party to the trade. Trades determined by the Designee to be inside the No Review Range may not be reversed in this manner.
- (m) Arbitration of Disputes Regarding Adjustment Trade.** If a party does not agree to transfer a position pursuant to Rule 514(j), any other party to the trade may file an arbitration claim in accordance with the procedures of Part 11 of the Rules against the Person representing the other side of the trade. Written notice of such claim must be provided to the RTX SEF within five Business Days of receipt of the opposite party's timely denial of liability under Rule 514(j). Failure to file the claim within those five Business Days shall be deemed a waiver of all claims. The arbitration claim will be conducted in accordance with the procedures of Part 11 of the Rules.
- (n) Voluntary Adjustment of Trade Price.** When a trade outside of the No Review Range is cancelled in accordance with this Rule, the parties to the trade may agree voluntarily to reestablish the trade but to adjust its price and make a cash adjustment provided that all of the following conditions are met:

 - (i)** the Designee approves the adjustment.
 - (ii)** the trade adjustment must be within the range of the high and low of the previous day's price range.
 - (iii)** the quantity of the position being reestablished is the same as the quantity of the trade that was cancelled.
 - (iv)** in the case of a trade below the Market Price, the adjusted price must be the lowest price that traded at or about the time of the trade without being cancelled. In the case of a trade above the Market Price, the adjusted price must be the highest price that traded at or about the time of the trade without being cancelled.
 - (v)** the parties to the adjusted trade must report it to the RTX SEF using a Transfer Trade not later than the close of business on the Business Day after the trade occurred.

515. Error Trades

- (a) **Scope.** In accordance with Commission Rule 37.9(c), Rule 515 shall apply where an operational or clerical error or omission made by the RTX SEF, one of the counterparties, or an agent of the counterparty, causes a trade to be rejected from clearing, where one leg of a Package Transaction is rejected from clearing due to the sequencing of the submission of the legs (“Rejected Error Trade”), or is identified after the trade has been cleared (“Cleared Error Trade”) (together “Error Trades”). Legs of a Package Transaction that have been accepted for clearing are not within the scope of this Rule.
- (b) **Rejected Error Trades.** Upon an affirmative finding by the RTX SEF that a trade has been rejected due to an error or an erroneous term other than for reasons of credit, the Rejected Error Trade shall be considered to be void *ab initio* and the RTX SEF may execute a new trade with the original terms but for the correction of the erroneous terms and submit the new trade to the applicable DCO as quickly as technologically practicable, but in no event in more than 1 hour from the notice of rejection from clearing. The new trade shall be subject to the procedures of Rule 501(d) or Rule 502(c), as applicable. Any new trade which is also rejected is considered to be void *ab initio* and may not be submitted again.
- (c) **Cleared Error Trades.** Upon an affirmative finding by the RTX SEF that a trade is being carried on the books of a DCO in error, in order to “reverse and resubmit” the trade in error, a trade to offset the Swaps carried in error on the books of the DCO shall be executed by the RTX SEF and a new transaction shall be executed by the RTX SEF with the original terms of the Cleared Error Trade but for the correction of the erroneous terms. Such correcting trades must be executed and submitted for clearing no later than three business days from the execution of the Cleared Error Trade, with the exception provided in (d)(i). The new trade shall be subject to the procedures of Rule 501(d) or Rule 502(c), as applicable.
- (d) **Consent to Correction of Error Trades.** In the event that an error comes to the attention of the RTX SEF, the RTX SEF may correct obvious errors under the procedures of paragraph (b) or (c) of this Rule 515 without the consent or knowledge of the counterparties to the transaction. In the event that the RTX SEF is unable to determine how to correct an Error Trade on its face, the RTX SEF shall inform the counterparties to the trade and request their assistance in determining the nature and the substance of the error. The RTX SEF may not correct such non-obvious errors unless the parties shall agree.
- (i) Alternatively, for cleared swaps, the RTX SEF may use an *ex post facto* review process in which the counterparties determine that an error has occurred and correct the error. The offsetting trade and the correct transaction must be executed and submitted for clearing as quickly as technologically practicable, but no later than 24 hours after the erroneous cleared swap was executed.

The Participant must notify the RTX SEF in writing, using the RTX SEF contact email addresses located in www.rtxfintech.com, no later than

24 hours after the error trade was executed. The RTX SEF shall conduct an *ex post facto* review of the error trade, offsetting trade, and correct trade on a T+1 basis. Such review will consider whether a transaction cancellation or price adjustment will adversely impact market integrity, facilitate market manipulation or other illegitimate activity, or otherwise violate the CEA, Commission regulations, or the RTX SEF's Rules.

The RTX SEF must make an affirmative finding that there was an error as part of its *ex post facto* review.

- (e) **Reporting.** The RTX SEF shall report the following to an SDR as soon as technologically practicable after the original trade is rejected by the DCO:
 - (i) Cancellation of the original trade under part 43 of the Commission Rules;
 - (ii) A part 45 termination under the Commission Rules, indicating that the original trade is void *ab initio*; and
 - (iii) Swap transaction and pricing data and swap data pursuant to parts 43 and 45 of the Commission Rules for the newly executed trade(s).

516. Reserved

517. Real-Time Market Monitoring

Real-time monitoring of trading on RTX SEF for compliance purposes shall be conducted by the RTX SEF Compliance Department.

- (a) RTX SEF shall monitor and evaluate data on:
 - (i) an ongoing basis in order to detect and prevent manipulation, price distortion, and where necessary disruptions in the cash-settlement process, and
 - (ii) general market data in order to detect and prevent manipulative activity that would result in the failure of the market price to reflect the normal forces of supply and demand, unusual trading volumes, and impairments to market liquidity.
- (b) In addition, RTX SEF may protect market integrity through use of the following system safeguards to prevent the entry of orders in any of the following circumstances:
 - (i) pre-trade quantity limits on individual orders to screen for order quantities not within acceptable parameters;
 - (ii) pre-trade price collars to screen for orders outside of current market conditions;
 - (iii) execution throttles to screen for the execution of too many orders over a specified period of time;

- (iv) message throttles to screen for the submission of too many messages in a specified period of time; and
- (v) pre-trade check to screen for risk-based limits set by the clearing member.

518. Post-Trade Anonymity

- (a) Pursuant to the Commission Rule § 37.9(f), it is prohibited to disclose, directly or indirectly, including through a third-party service provider, the identity of a counterparty for swaps executed, pre-arranged or pre-negotiated anonymously on or pursuant to the rules of a SEF and intended to be cleared at the time of execution.
- (b) Prohibition on post-trade name give-up shall not apply to components of a package transaction that are uncleared swaps or non-swap instruments. Examples include, but are not limited by, swaps executed with a US Treasury hedge cleared bilaterally between the counterparties, swaps executed as part of a hedge to an interest rate option or credit option and swaps executed as part of a package with an uncleared swap.

PART 6. TRADING ELECTRONICALLY

601. Scope

The RTX SEF shall determine the Swaps to be offered for trading through the Electronic Trading Systems under this section. But all Swaps, including Permitted Transactions, that RTX SEF makes available to trade on the SEF may be executed through the Electronic Trading Systems.

602. Trading via Electronic Trading Systems.

Transactions executed electronically may be matched on RTX SEF via any Electronic Trading System provided for under this Rule. An Electronic Trading System is a Trading Facility, as defined by section 1a(51) of the Act, that enables multiple participants to offer Bids or Offers to multiple other participants on the facility.

(a) *Electronic Order Book Trading Session.*

- (i)** An Electronic Order Book (“EOB”) is an electronic Trading System in which all Orders are managed based upon price/time priority, which means A) an Order with a better price (highest Bid, cheapest Offer) has execution priority over an Order with an inferior price (not highest Bid, not cheapest Offer) and B) for two Orders with the same price and same direction, the Order that is entered into the EOB first will be matched first against an aggressing opposing Order.
- (ii)** All Orders are matched by the action of one Participant hitting (lifting) a displayed Bid (Offer) or by the Electronic Order Book matching electronically two passive orders that occur at the same price.
- (iii)** All Orders in the EOB Session are “firm” or executable.
- (iv)** Any Order entered into the EOB Session must be in the form and contain the information the RTX SEF requires, including, but not limited to, Order type, size, direction, price (if applicable), and the applicable User ID. Any Order not complying with RTX SEF requirements shall not be accepted.
- (v)** An Order may only be entered into the EOB Session by a Participant or by an Execution Specialist acting in his or her discretion pursuant to Rule 703(a)(xi) or at the direction of a Participant.
- (vi)** For Required Transactions, all Orders in the EOB Trading Session are displayed to all Participants.
- (vii)** A Participant responding to a displayed Order may accept a firm Bid or Offer or counter the Bid or Offer of the initiating Participant or of any other responding Participant. For the avoidance of doubt, an executed transaction may take place between two responding Participants. Responding Participants shall be anonymous unless the responding Participant authorizes the Execution Specialist to disclose the

Participant's identity. But notwithstanding any other provision in these Rules, for all swaps that are executed anonymously and intended to be cleared, RTX SEF shall not disclose the identity of any counterparty to the swap.

- (viii) Any Order entered into the EOB Session shall remain open in the Electronic Trading System until executed, cancelled, or until it expires.
- (ix) The Participant will be responsible for each Order that it enters on the RTX SEF for itself or which is entered on its behalf.
- (x) The Trading Session for an EOB remains open throughout the Business Day.
- (xi) All Orders open at the end of the Business Day are cancelled.

603. Order Types

(a) **Type of Orders and Order Attributes.** The following orders may be entered by a Participant into Electronic Trading Systems:

- (i) *Limit Orders.* A limit order is an order to buy or sell a stated amount of a Swap or strategy at a given price. Such an order shall remain in the EOB until executed or cancelled.
- (ii) *Market Orders.* A market order is an order to buy or sell a stated amount of a Swap or strategy at the best available price on the EOB session at the time the order is entered.
- (iii) *Time in Force ("TIF") Orders.* A TIF Order is a limit order that remains open for a period of time selected by the Participant or Execution Specialist (at the request of the Participant) when the Order is first entered. The Order is automatically cancelled at the end of that period unless the time is extended or the Order is executed.
- (iv) *All or None ("AON").* An AON order is a limit order or TIF Order where only the full amount specified on the Order can be executed. AON Orders are ignored in the order matching process by corresponding orders that have less than the required AON amount to make a trade.
- (v) *One Cancels the Other ("OCO").* An OCO Order provides the Participant the ability to enter certain Orders that are linked together whereby the execution of a trade on one linked Order results in the immediate cancellation of the remaining linked order(s) in the OCO group.
- (vi) *One Executes Other ("OEO").* An OEO order provides the Participant with the ability to enter certain Orders that are linked together whereby the execution of a trade on one linked Order results in the immediate execution of a trade on other linked Order in the OEO group.
- (vii) *Request for Trade™ ("RFT™").* An RFT™ Order is an electronic TIF Order entered via the RFT™ user interface that is managed in the EOB. For Required Transactions, all RFT™ Orders are displayed to all Participants in an EOB Session. All RFT™ Orders are firm.

604. Confirmations and Objections

The confirmation of all terms of the transaction shall take place at the same time as execution.

- (a) Anonymous Trading.** In accordance with Rule 518, confirmations of transactions executed anonymously will not show counterparty names or identifiers, unless such a transaction is a Package Transaction under Commission Rule 37.9(d).
- (b) Confirmation of Cleared Transactions.** Upon execution, the RTX SEF shall notify a Participant of the matching of Bids and Offers through the Electronic Trading System as follows.
 - (i)** Initial notification: Following trade matching, the RTX SEF will send an initial electronic message that confirms the instrument, the price, direction and amount to both sides of a trade.
 - (ii)** Confirmation: Upon execution of the transaction, the RTX SEF will issue an electronic confirmation which shall legally supersede any previous agreement and shall include all material economic terms of the executed transaction and which the counterparties agree shall confirm execution of the transaction.
- (c) Objections.** Objections to the material economic terms of transaction confirmations must be submitted to the RTX SEF, in writing, promptly upon receipt, but no later than the close of that Business Day.

605. Trade Invalidation Upon Revocation of Clearing Authorization

Once the RTX SEF has received notice from a Clearing Organization that a Clearing Participant's authorization has been terminated, any trade destined for that Clearing Organization subsequently matched by the Electronic Trading System for that Clearing Participant or for a Trading Participant guaranteed by that Clearing Participant shall be considered to be invalid and shall be cancelled by the RTX SEF. Further, a Participant shall notify immediately RTX SEF that its Clearing Participant's authorization has been terminated.

607. Assisted Order Entry

An Execution Specialist, acting on behalf of a Participant using an Approved Communication Method may, upon request of the Participant, assist a Participant in the entry or withdrawal of Orders into the Electronic Trading System.

- (a)** Any Execution Specialist entering an Order into the Electronic Trading System shall have a unique User ID paired with the Participant's ID for whom the Execution Specialist is acting.

- (b)** Upon receipt of a request for assistance in the entry or withdrawal of an immediately executable Order, the Execution Specialist must enter the executable Order immediately into the Electronic Trading System.
- (c)** Any request by a Participant for assistance in the entry of an Order that is not immediately executable shall be entered into the Electronic Trading System as soon as practicable. The Execution Specialist must make a record of the time at which the request for assistance was first made and the time that the Order was entered into the Electronic Trading System.
- (d)** Notwithstanding any other provision of these Rules, in the event that a Participant objects under Rule 604(c) to the contents of a the confirmation of a transaction that has taken place through the assistance of an Execution Specialist under the provisions of this Rule, the Board, through its designee the Chief Executive Officer or the Chief Executive Officer's Designee (the "Designee"), is authorized in his or her discretion to adjust trade prices or cancel a trade when such action is necessary to correct a clear clerical error on the part of the Execution Specialist in carrying out the instructions of the Participant that is assisted by the Execution Specialist. Any trade price adjustment or trade cancellation shall be made subject to the standards of this rule. Any determination made under this rule to adjust any trade price or cancel any trade shall be announced to the market and such adjustment shall be reported by the RTX SEF to the SDR.

PART 7. TRADING BY VOICE

701. Scope

The RTX SEF shall determine the Swaps to be offered for trading where such Swaps are matched using any Voice Trading System provided for under this section. For the avoidance of doubt, all Swaps, including Permitted Transactions, that RTX SEF makes available to trade on the SEF may be executed through the Voice Trading Systems (including the Voice Order Book as defined in Rule 703).

702. Trading by Voice Trading Systems

A Voice Trading System is a Trading Facility, as defined by section 1a(51) of the Act, that uses Voice Functionality that enables multiple participants to offer Bids or Offers that are open to multiple participants through the use of telephone, electronic messaging or other Approved Communication Methods. Voice Trading is facilitated by an Execution Specialist who makes known to Participants the existence of trading interest in a Swap, facilitates the communication of Bids or Offers among multiple Participants, and assists in orderly trading on the RTX SEF.

703. Voice Trading Systems

(a) Voice Order Book.

- (i)** An Voice Order Book (“VOB”) is a Trading System in which all Orders are managed based upon price/time priority, which means A) an Order with a better price (highest Bid, cheapest Offer) has execution priority over an Order with an inferior price (not highest Bid, not cheapest Offer) and B) for two Orders with the same price and direction, the Order that is entered into the VOB first will be matched first against an aggressing opposing Order. All Orders are recorded in the Internal Digital Ledger. The Voice Order Book is separate from the Electronic Order Book.
- (ii)** The VOB is a Trading Session that remains open throughout the Business Day.
- (iii)** All Orders are communicated by the Participant to the Execution Specialist who is responsible for managing the Order in the VOB according to price/time priority rules under Rule 703 (a)(i).
- (iv)** Any Order communicated to the Execution Specialist shall include the information the RTX SEF requires, including, but not limited to, Order type, size, side, price (if applicable). Any Order not complying with RTX SEF requirements shall not be accepted by the Execution Specialist.
- (v)** An Order is considered firm or executable at the time first communicated to the Execution Specialist.

- (vi) An Order is matched by the action of a Participant communicating an executable Bid or Offer to the Execution Specialist to hit (lift) a resting Bid (Offer) being managed in the VOB.
- (vii) An initiating Participant shall be anonymous unless the Participant authorizes the Execution Specialist to disclose the initiating Participant's identity.
- (viii) In the absence of an initiating Participant, the Execution Specialist has discretion to initiate trading by communicating with Participants to ascertain trading interest.
- (ix) A responding Participant may accept a communicated Bid or Offer or counter such Bid or Offer of the initiating Participant or of any other responding Participant. For the avoidance of doubt, an executed transaction may take place between two responding Participants. Responding Participants shall be anonymous unless the responding Participant authorizes the Execution Specialist to disclose the Participant's identity.
- (x) **Voice Work-up.** In order to encourage the provision of liquidity to the VOB, following the execution of an initial transaction (which shall be indicated to the counterparties as having been executed by communication of the Execution Specialist) either of the parties to the executed transaction or any other market participant (following transmittal by the RTX SEF to an SDR of information relating to the initial, executed transaction) may request a work-up trading session. To open a work-up trading session, the Execution Specialist announces the work up session and price. Counterparties to the initial transaction may have a priority for additional amounts at the work-up price. Resting Bids or Offers at the work-up price or better must be included in the work-up session. During the work-up session, execution occurs at the time that a buyer and a seller agree on the quantity of their respective transaction (the price being the work-up price), such execution being indicated to the counterparties by communication of the Execution Specialist. Separate transactions entered into during the work-up process will not be confirmed or reported as a single aggregate transaction. The work-up shall end when, to the extent possible, all buying and selling interest at that price have been filled. Any unfilled Bid or Offer at that price at the conclusion of the work-up shall be treated as a resting Bid or Offer depending upon the instruction of the market participant.
- (xi) **Hybrid Trading of Required Transactions.** Upon a Participant's request, the Execution Specialist will enter any Voice Order communicated to the Execution Specialist into the EOB Trading Session under Rule 607 whenever there appears to be sufficient liquidity in the Electronic Order Book to fill the Order; when the request is made, the Execution Specialist will notify the Participant whether there appears to be sufficient liquidity in the Electronic Order Book to fill the Order (or a portion of it). And unless specified by the Participant, all such Orders shall be entered into the Electronic Order Book as a Time in Force

("TIF") Order where it shall remain a firm Order for a period of 20 seconds and then expire.

- (xii) **Post-Trade Anonymity.** Notwithstanding any other provision in this Rule, for all swaps that are executed anonymously and intended to be cleared, RTX SEF shall not disclose the identity of any counterparty to the swap.

704. Order Types

- (a) **Type of Orders and Order Attributes.** The following orders may be entered by a Participant verbally via an Execution Specialist into the Voice Order Book:

- (i) *Limit Orders.* A Limit Order is an Order to buy or sell a stated amount of a Swap or strategy at a given price. Such an order shall remain in the VOB session until executed or cancelled by Participant.
- (ii) *Market Orders.* A Market Order is an Order to buy or sell a stated amount of a Swap or strategy at the best available price on the VOB session at the time the order is entered.
- (iii) *Time in Force ("TIF") Orders.* A TIF Order is a limit order that remains open in the VOB session for a period of time selected by the Participant or Execution Specialist (at the request of the Participant) when the Order is first entered. The Order is automatically cancelled at the end of that period unless the time is extended, or the Order is executed.
- (iv) *Good until Bettered Orders. ("GTB").* A GTB Order is an Order to buy or sell a stated amount of a Swap or strategy to be executed at the communicated price until bettered by another Order (whether from the original participant or another) whereupon it cancels or until the Order is cancelled by the Participant.
- (v) *All or None ("AON").* An AON Order is a limit order or TIF Order where only the full amount specified on the Order can be executed. AON Orders are ignored in the order matching process by corresponding Orders that have less than the required AON amount to make a trade.
- (vi) *Good until Bettered Orders All or None. ("GTB AON").* A GTB AON Order is an GTB Order where only the full amount specified on the Order can be executed. Like regular AON Orders, GTB AON Orders are ignored in the Order matching process by corresponding Orders that have less than the required AON amount to make a trade.
- (vii) *One Cancels the Other ("OCO").* An OCO Order provides the Participant the ability to enter certain Orders that are linked together whereby the execution of a trade on one linked Order results in the immediate cancellation of the remaining linked Order(s) in the OCO group.
- (viii) All Orders cease to be active at the close of the Business Day.

- (b) **Voice Orders for Required Transactions.** Notwithstanding anything to the contrary in these Rules, each Voice Order for a Required Transaction

communicated by a Participant to an Execution Specialist shall be considered to be firm from the time the Order is first communicated to the Execution Specialist for a period of 20 seconds (or such period as communicated to the Execution Specialist).

Provided, however, the Order shall no longer be considered to be firm during the remainder of that period, after:

- (i) The Participant's Order is filled;
- (ii) The Participant communicates to the Execution Specialist that the Order is cancelled and such communication is received by the Execution Specialist prior to the Order having been filled, *provided, however*, if the Order has been filled in part, only that part of the Order remaining unfilled shall be cancelled;
- (iii) The Participant is filled in the same Swap for the same size but at a different price as the original Order;
- (iv) A new Order at a better price in the same Swap is entered onto the RTX SEF by the same or a different Participant; or
- (v) A Material Market Event occurs. A "Material Market Event" means one determined in the sole discretion of the RTX SEF and shall include, but not be limited to:
 - (A) Economic news releases by the U.S. Department of Labor Bureau of Labor Statistics;
 - (B) Other recurring material economic news releases;
 - (C) Announcements of the Board of Governors of the U.S. Federal Reserve System;
 - (D) A natural or man-made disaster or a *force majeure*.

705. Confirmation of Voice Transactions and Objections

The confirmation of all terms of the transaction shall take place at the same time as execution.

- (a) **Anonymous Trading.** In accordance with Rule 518, confirmations of transactions executed anonymously will not show counterparty names or identifiers, unless such a transaction is a Package Transaction.
- (b) **Confirmation of Cleared Transactions.** Upon execution, the RTX SEF shall notify a Participant of the matching of Bids and Offers through the Electronic Trading System as follows.
 - (i) *Initial notification:* With respect to Cleared Transactions matched in a Voice Trading Session under Rule 703 but prior to confirmation of the execution of the transaction, the matched transaction will be subject to the agreement of the parties as to trade structure parameters (the instrument, the price, direction and amount) and to a manual credit check.

- (ii) *Confirmation*: Upon completion of the transaction, the Execution Specialist will key in trade details, which shall include all material economic terms, and that the counterparties agree to these terms at which time RTX SEF will issue a written trade confirmation of the executed trade to the parties, which writing may be electronic, and which shall legally supersede any previous agreement, and shall serve as a confirmation of the transaction.
- (c) **Objections.** Objections to the contents of transaction confirmations must be submitted to the RTX SEF, in writing, promptly upon receipt, but no later than the close of that Business Day.

Notwithstanding any other provision of these Rules, in the event that a Participant objects under this section to the contents of the confirmation of a transaction that has taken place through the Voice Order Book under Part 7 of these Rules, the Board, through its designee the Chief Executive Officer (or the Chief Executive Officer's delegate) (the "Designee"), is authorized in his or her discretion to adjust trade prices or cancel a trade when such action is necessary to correct a clear clerical error on the part of the Execution Specialist in facilitating trading via the Voice Order Book. Any trade price adjustment or trade cancellation shall be made subject to the standards of this rule. Any determination made under this rule to adjust any trade price or cancel any trade shall be announced to the market by a message from the Support Desk or such other method as the RTX SEF shall provide and such adjustment shall be reported by the RTX SEF to the SDR.

706. Record Keeping and Reporting

All Voice-assisted trading shall be recorded in an unalterable format and retained as required under Commission Rule 1.31. All Bids and Offers managed through the Voice Order Book will be retained in an unalterable format as required under Commission Rule 1.31. The Execution Specialist shall key in the trade details of the transaction immediately upon execution. RTX SEF shall report such transactions as having been executed on or subject to the Rules of RTX SEF, identifying such transactions as voice-assisted transactions and reporting swap transaction and pricing data to a Swap Data Repository as soon as technologically practicable after execution, as required under 17 CFR Part 43, and swap data to a Swap Data Repository as required by 17 CFR § 45.3(a) in the form and manner specified in the technical specification referenced in 17 CFR § 45.13(a).

PART 8. CLEARING AND FINANCIAL INTEGRITY OF CONTRACTS

801. Scope

Rules 802, 803, 805, 806 and 807 shall apply to both Required and Permitted Transactions. Rule 804 shall apply only to Permitted Transactions.

802. Relation to Clearing Organization

- (a) **Rules of Clearing Organization.** The Bylaws and Rules of the Clearing Organization shall be applicable to the clearing of Swaps which are Required Transactions traded on or subject to the rules of the RTX SEF.
- (b) **Cleared Swaps.** Every Swap executed on or subject to the rules of the RTX SEF that is a Required Transaction will be forwarded by the RTX SEF to the Clearing Organization selected by the Participant directly to the Clearing Organization or via a STP Facility.
- (c) **Choice of Clearing Organization.** If more than one Clearing Organization is available for clearing the Swap, each Participant may designate its choice of Clearing Organization for selected transactions by designating a specific Clearing Organization for each Order. But the Participant's choices will only include those Clearing Organizations with whom RTX SEF has executed a clearing services agreement; to clear any RTX SEF product through a particular Clearing Organization, RTX SEF must first have a clearing services agreement with that Clearing Organization. In addition, for a trade to be executed between two Participants, both would have to designate the same Clearing Organization.
 - (i) Participants may designate the Clearing Organization by hitting a Bid or lifting an Offer for the displayed price of a product cleared by a specific Clearing Organization. Participants may enable a general filter on RTX SEF systems to view only prices for a selected Clearing Organization(s).
 - (ii) Trades executed as transactions to be cleared at a specified Clearing Organization will be subject to the collateral requirements of that Clearing Organization, including the timing of collateral funding requirements of that Clearing Organization.
 - (iii) Subject to the clearing authorization requirement of Rule 803, Participants may choose a Clearing Organization to which the Swap will be forwarded by the RTX SEF. Such Clearing Organization shall be authorized or licensed by the Commission, or otherwise meet Commission requirements, to clear such Swaps. Such Clearing Organizations are limited to the following:

Swap	Clearing Organization
Interest Rate Swaps	LCH Ltd. and CME, Inc.

- (d) **Margin.** A Participant must comply with all margin requirements of the relevant Clearing Organization and its Clearing Participant, if applicable, and any applicable margin requirement set forth by Commission Regulation or Applicable Law.

803. Clearing Authorization Required

(a) Clearing Participant Authorization.

- (i) Every ITBCS trade executed on the Trading System or subject to the rules of the RTX SEF shall be cleared through a Clearing Participant authorized by the designated Clearing Organization for the given product.
- (ii) Each Clearing Participant by entering into a relationship to intermediate clearing on behalf of a Trading Participant as provided in subsection (b) of this Rule 803, shall be subject to, and shall be considered to have consented to, the jurisdiction of the RTX SEF, in respect of such transactions, including the jurisdiction of the RTX SEF to impose sanctions for violations under Rule 1016.

- (b) **Trading Participant Authorization.** Each Trading Participant must establish and maintain a relationship with a Clearing Participant that will intermediate the clearing of the Trading Participant's Swap transactions.

Each Trading Participant must:

- (i) identify to the RTX SEF its Clearing Participant;
 - (ii) ensure they do not request quotes, Bid or Offer or generally trade Swaps for a designated Clearing Organization without appropriate authorization; and
 - (iii) notify the RTX SEF of any change in relationship with a Clearing Participant. Such notification must be made prior to executing any trade on the Trading System or any cleared trade subject to the rules of the RTX SEF.
- (c) **Evidence of Agreement with Clearing Participant.** Evidence of an agreement between the Clearing Participant and its Trading Participant must be provided to the RTX SEF in the form and manner requested by the RTX SEF and must be specific with respect to the products covered thereunder.
 - (d) **Termination of Clearing Authorization.** A Clearing Participant may terminate at any time its authorization of a Trading Participant by informing the RTX SEF and as applicable the Trading Participant. Notice shall be given in as promptly a form as possible and shall be provided in writing no more than twenty-four hours after being given by any other means.
 - (i) In the event the Clearing Participant notifies the RTX SEF that it will no longer clear a Trading Participant's Swaps, until the Trading Participant establishes a relationship with another Clearing Participant acceptable to the RTX SEF, the RTX SEF will take immediate steps to:

- (A) withdraw all of the Trading Participant's resting orders from the Trading System,
- (B) terminate the Trading Participant's access to the Trading System; and
- (C) terminate the Trading Participant's access to execute trades subject to the rules of the RTX SEF.

804. Financial Integrity for Permitted Transactions

- (a) **Clearing of Swaps.** Permitted Transactions executed on or subject to the rules of the RTX SEF are not required to be cleared under applicable law. Permitted Transactions may be cleared if both counterparties agree, prior to or subsequent to execution, to submit the trade to an agreed upon Clearing Organization. RTX SEF requires, however, that all swap transactions executed on or subject to the rules of the RTX SEF must be cleared, including Permitted Transactions. Based on this, all swap transactions executed on RTX SEF will be cleared. If the counterparties elect to clear a transaction prior to execution or at the time of execution, it will be forwarded by the RTX SEF to the agreed upon Clearing Organization directly or via a STP Facility. A Participant electing to clear a transaction must comply with all margin requirements of the relevant Clearing Organization and its Clearing Participant, if applicable, and any applicable margin requirement set forth by Commission Regulation or Applicable Law.

805. Trades Not Accepted for Clearing

- (a) **Clearing Certainty.** The RTX SEF shall promote certainty of clearing by identifying to the Participant that an Order for a cleared contract, if executed, would be within the clearing credit or trading limits which are applied by the Clearing Participant to the Person on whose behalf the Order has been entered.
- (b) **Trades Rejected for Clearing.** In the event that a Swap is rejected by the Clearing Organization to which it has been submitted, the RTX SEF will so inform the Participants that are the counterparties to the trade. A trade for which the RTX SEF has received a rejection notice from the Clearing Organization is void ab initio; *provided however*, nothing in this Rule shall supersede the procedures of Rule 515 which shall apply to Error Trades.
- (c) **Breakage Agreements Prohibited.** Participants are prohibited from requiring breakage agreements with other Participants as a condition of trading with them.

806. Disputes Related to Clearing

Disputes arising from or in connection with the clearance, delivery or settlement of Transaction shall be resolved pursuant to the Bylaws, Rule and procedures of the Clearing Organization.

807. Establishment of Daily and Final Settlement Prices

17 CFR § 16.01(b)(4)(i) requires RTX SEF to publicly disclose swap instrument settlement prices and nominal price methodologies for each listed instrument.

- (a)** The RTX SEF shall calculate a daily settlement price for each Swap listed for trading on the RTX SEF and priced that day via firm orders or transactions. Such daily settlement prices shall be calculated in the same manner, shall be published to www.rtxfintech.com before 7 PM each Business Day and shall be subject to subsequent review and revision by each of the Facility's Clearing Organizations in accordance with each respective Clearing Organization's rules and procedures. For information on other information that RTX SEF will publish to its website, see Rule 1207.
- (b)** Calculation. The RTX SEF will calculate daily settlement prices for Swaps receiving Bids or Offers through the Business Day only. Swaps listed for specific Clearing Organization clearing that do not receive any executable Bids and Offers in the order book on any particular day will not have daily settlement prices calculated. The settlement price will be established using an algorithm which calculates the settlement price using the following hierarchy of price inputs:

 - (i)** the mid-price of the best executable bid/offer spread present at the close rounded to the nearest price increment; then
 - (ii)** the most recent of the following:

 - (A)** actual Bid;
 - (B)** actual Offer; and
 - (C)** last trade.

PART 9. BUSINESS CONDUCT

901. Violation of Law

It shall be prohibited for any Participant to violate or fail to conform to applicable provisions of the Act, Commission Regulations or any other law applicable to trading on the RTX SEF.

902. Rule Violation

It shall be prohibited for any Participant to violate or fail to conform to the Rules and procedures of the RTX SEF or with any decision or order of a committee of the RTX SEF or any order of any officer, employee or agent of the RTX SEF when acting within his, her or its jurisdiction.

903. No Transfers

No Participant shall transfer or assign such Participant's trading privileges. Any purported transfer or assignment shall not be binding on the RTX SEF. Persons who acquire or succeed to the business of any Participant may obtain trading privileges only by application to the RTX SEF pursuant to Part 3 of these Rules, except upon the prior written consent of the RTX SEF if the Person is succeeding to the business of a Participant solely as a result of the change in the corporate form of the Participant.

904. False Information

It shall be prohibited for any Participant to disseminate any false, misleading or knowingly inaccurate information, including reports concerning any Swap or market information or conditions that affect or tend to affect the price of any Swap executed on the RTX SEF.

905. Manipulation Prohibited

No Participant shall manipulate, or attempt to manipulate, the price of, or to corner, any Swap executed on the RTX SEF, or in connection therewith the Underlying Commodity.

906. Prohibition on Misstatements

No Participant shall furnish false or misleading information or fail to furnish information in respect of such Participant's activities on or subject to the Rules of the RTX SEF, when requested by the RTX SEF or any committee, officer, employee, or agent of the RTX SEF, acting in the course of his, her or its duties.

907. Employees of the RTX SEF

It shall be prohibited for any Participant to knowingly carry an account, enter an order or effect any transaction for any employee of the RTX SEF, the Clearing Organization or any other Participant without the prior written consent of the employer and which is communicated in writing to RTX SEF for review and decision (which may be in the form of a blanket consent to all orders and transactions entered or executed after such consent is given).

908. Abusive Trading Practices Prohibited

No Participant shall engage in front-running, wash trading, pre-arranged trading, fraudulent trading, money passes, accommodation trading, any other manipulative activity prohibited by the Act or Commission regulation or disruptive trading practice (which includes any trading practice described in Section 4c(a)(5) of the Act or in applicable interpretive guidance issued by the Commission and in force at the time of the violation), or enter into non-competitive transactions on or subject to the Rules of the RTX SEF except as otherwise authorized by these Rules, or execute any such Order on behalf of another with such knowledge of its nature.

909. Detrimental Conduct

No Participant or employee of RTX SEF shall engage in conduct or practices inconsistent with just and equitable principles of trade or conduct or practices detrimental to the best interests of the RTX SEF.

910. Fraud Prohibited

No Participant shall use or employ, or attempt to use or employ, any manipulative device, scheme, or artifice to defraud, or engage, or attempt to engage, in any act, practice, or course of business, which operates or would operate as a fraud or deceit upon any other Participant.

PART 10. DISCIPLINARY PROCEEDINGS

1001. Scope

The procedures of this Part 10 shall apply to any Person that is subject to, and that is bound by, the Rules of the RTX SEF.

1002. Investigations

(a) **Investigation.** The Compliance Department and its designees are responsible for investigating possible violations of the Rules upon request from Commission staff or the discovery or receipt of information which, in their judgment, indicates a possible basis for finding that a violation has occurred or will occur. Investigations shall be conducted by the Compliance Department in accordance with these Rules. The RTX SEF may contract for the performance of specified functions assigned by these Rules to the Compliance Department to (1) a registered futures association; or (2) a registered entity. The RTX SEF retains ultimate responsibility of the investigations.

(b) **Investigation Report.** After conducting an investigation, the Compliance Department shall prepare a written report including the reason the investigation was initiated, a summary of the complaint, if any, the relevant facts, the Compliance Department's conclusions, analysis and recommendation as to whether disciplinary action should be pursued. This written report shall be produced within twelve months following the initiation of the investigation, absent mitigating circumstances. If the Compliance Department has determined that a reasonable basis exists for finding a violation, it shall make a recommendation as to whether the Disciplinary Committee should proceed with the matter. The Compliance Department may also issue a warning letter to the Person being investigated or forward to the Review Panel of the Disciplinary Committee a recommendation that it issue a warning letter. A warning letter issued to the Person under investigation under this paragraph is not a penalty or an indication that a finding of a violation has been made. But as required under 17 CFR § 37.206(f), RTX SEF may issue no more than one warning letter per rolling twelve-month period to the same Participant for the same violation.

The investigation report shall become part of the investigation file, which shall be maintained by the Compliance Department for a period of not less than five years after the completion of such report. The Compliance Department shall promptly provide the Disciplinary Committee with a copy of each investigation report.

1003. Review of Investigation Report

The Review Panel shall promptly review each investigation report prepared by the Compliance Department. In the event the Review Panel decides that additional investigation or evidence is needed, it shall promptly direct the Compliance Department to conduct further investigation. Within a reasonable period of time not to exceed sixty

days after the receipt of a completed investigation report, the Review Panel shall take one of the following actions:

- (a) If the Review Panel determines that no reasonable basis exists for finding a violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken. Such determination must be in writing and contain a brief statement setting forth the reasons therefore.
- (b) If the Review Panel determines that a reasonable basis exists for finding a violation which should be adjudicated, it shall direct that any Person alleged to have committed the violation be served by Compliance Department with a notice of charges, thus commencing disciplinary proceedings pursuant to these Rules.
- (c) The Review Panel may also determine to issue a warning letter to the Person being investigated. A warning letter issued to Person under investigation under this paragraph is not a penalty or an indication that a finding of a violation has been made.

1004. Respondent

A Person alleged in a Notice of Charges to have committed a violation shall be referred to as the Respondent.

1005. Notice of Charges

A written Notice of Charges shall be served by Compliance Department on any Respondent as directed by the Review Panel. A Notice of Charges means a notice of a disciplinary proceeding by RTX SEF Compliance Department that shall include the following:

- (a) State the acts, practices or conduct in which the Respondent is alleged to have engaged;
- (b) State the provision of the Rules alleged to have been, or are about to be, violated;
- (c) State the predetermined penalty, if any;
- (d) State that the Respondent is entitled to a hearing on the charges upon written request served upon the Compliance Department within 30 days of service of the Notice of Charges and filed with the Hearing Panel of the Disciplinary Committee and that failure so to request a hearing within 30 days, except for good cause shown, shall be deemed a waiver of the right to a hearing; and
- (e) State that the Respondent is entitled to serve an answer upon the Compliance Department within 30 days of service of the Notice of Charges and to file such answer with the Hearing Panel and that failure in an answer to deny expressly any allegation or any charge in the Notice of Charges shall be deemed to be an admission of such allegation or charge.

1006. Service

Service of a Notice of Charges or any other document in a disciplinary proceeding on a Respondent shall be made by personal delivery to the Respondent or the Respondent's agent appointed under Rule 303(b) or by first class mail addressed to the Respondent at the last address filed by the Respondent with, or otherwise known to, the RTX SEF. However, if the Respondent is represented by counsel in the disciplinary proceeding, service shall be by personal delivery to counsel or by first class mail addressed to counsel at the last address filed by counsel with the RTX SEF. Service of any document on the Compliance Department shall be made by personal delivery to the Compliance Department or by first class mail addressed to the Compliance Department, in either case at the address specified in the notice of charges. Filing with the Disciplinary Committee may be made by personal delivery to the Disciplinary Committee or by first class mail addressed to the Disciplinary Committee at the address specified in the notice of charges. Service by mail shall be complete when deposited in an official depository of the United States Postal Service. If service is made by mail, any time period in these Rules calculated with respect to the date of service shall be extended by a period of five days. Service may be effected through electronic mail or facsimile upon the agreement of all parties.

1007. Answer from Respondent

- (a) A Respondent receiving a Notice of Charges may serve a written answer to the Notice of Charges upon the Compliance Department and file the answer with the Hearing Panel, provided that:

 - (i) the answer must be in writing and include a statement that the Respondent admits, denies or is without knowledge or information sufficient to form a belief as to the truth of each allegation.
 - (ii) failure to serve an answer within 30 days following the service of the Notice of Charges shall be deemed an admission of all allegations contained in the notice of charges.
 - (iii) failure in an answer to expressly deny any charge or allegation shall be deemed to be an admission of the charge or allegation; provided, however, that a statement of a lack of sufficient knowledge or information to form a belief as to the truth of an allegation shall have the effect of a denial of the allegation.
- (b) If the Respondent admits or fails to deny any of the charges in a notice of charges, the Hearing Panel may find that the violation of the Rules alleged in the charge has been committed and may impose a penalty no greater than the predetermined penalty, if any, stated in the Notice of Charges for such violation or violations. If no predetermined penalty was so stated, the Hearing Panel shall impose a penalty for each violation found to have been committed.
- (c) If the Hearing Panel imposes a penalty pursuant to paragraph (b) of this Rule, the Respondent and the Compliance Department shall be promptly served with a written notice of any penalty to be imposed and shall advise the Respondent that he or she may request a hearing on the penalty, provided that a written request for a hearing must be served upon the Compliance Department within

30 days following service of the notice and filed with the Hearing Panel. However, no hearing shall be permitted on a penalty that is less than or equal to the predetermined penalty, except for good cause shown. If the Respondent fails to request a hearing within 30 days following service of the notice, the Respondent shall be deemed to have accepted the penalty, and the decision of the Hearing Panel shall be the final action of the RTX SEF.

1008. Right to Representation

A Respondent shall be entitled to be represented by legal counsel or any other representative of the Respondent's choosing in any proceedings under this part of the Rule; provided, however, that this Rule does not constitute the basis for any claim that the RTX SEF must furnish an attorney to a Respondent.

1009. Hearings

- (a) If the Respondent has, in a timely manner, requested a hearing on a charge which is denied in the Respondent's answer or on a penalty imposed by the Hearing Panel pursuant to Rule 206 and this Part 10 (other than a predetermined penalty stated in the notice of charges), the Respondent shall have an opportunity for a hearing on the matter. Such hearing shall be promptly convened after fair notice to the Respondent.
- (b) Any hearing shall be conducted before a Hearing Panel of three members of the Disciplinary Committee.
- (c) The Respondent shall be entitled in advance of the hearing to examine all books, documents, or other tangible evidence in the possession or under the control of the RTX SEF which are to be relied upon by the Compliance Department in presenting the charges contained in the Notice of Charges or which are relevant to those charges or the penalties.
- (d) The formal rules of evidence need not apply; nevertheless, the procedures for the hearing may not be so informal as to deny a fair hearing.
- (e) The Compliance Department shall be a party to the hearing and shall present its case on those charges and penalties which are the subject of the hearing.
- (f) The Respondent shall be entitled to appear personally at the hearing.
- (g) The Respondent shall be entitled to cross-examine any persons appearing as witnesses at the hearing.
- (h) The Respondent shall be entitled to call witnesses and to present such evidence as may be relevant to the charges or the penalties and the Compliance Department shall be entitled to cross-examine any witness called by the Participant.
- (i) The RTX SEF shall require Persons within its jurisdiction called as witnesses to appear at the hearing and to produce evidence. It shall make reasonable efforts to secure the presence of all other Persons called as witnesses whose testimony would be relevant.

- (j) A substantially verbatim record of the hearing shall be made and shall become a part of the record of the proceeding. The record must be one that is capable of being accurately transcribed; however, it need not be transcribed unless the transcript is requested by Commission staff or the Respondent. The record shall be transcribed pursuant to Commission Rule 9.21(a) if the decision is appealed to or reviewed by the Commission. In all other instances, a summary record of the hearing is permitted.
- (k) The cost of transcribing the record of the hearing shall be borne by the Respondent if the Respondent requests the transcript or appeals the decision to the Commission. In all other instances, the cost of transcribing the record shall be borne by the RTX SEF.
- (l) A penalty pursuant to Part 10 may be summarily imposed by the hearing panel of the Disciplinary Committee upon any person within its jurisdiction whose actions impede the progress of a hearing.

1010. Decision

- (a) Promptly following the hearing, the Hearing Panel of the Disciplinary Committee shall render a written decision based upon the weight of the evidence contained in the record of the proceeding and shall serve a copy of its decision within 30 days upon the Compliance Department and the Respondent. The decision, shall be the final action of the RTX SEF and shall not be subject to appeal within the RTX SEF. The decision shall become effective at the time set forth therein the decision, which shall be not less than fifteen days after the written decision has been delivered to the Person disciplined or denied access. Where delivery is by U.S. mail, an additional three day period shall be provided prior to the decision becoming effective. *Provided, however,* that a decision may become effective in fewer than fifteen days if, as determined by the RTX SEF and stated in the decision, such an action is necessary to protect the best interests of the RTX SEF, the violation relates to timely submission of accurate records required for clearing, or the disciplined Person consents to the penalty and the timing of its effectiveness. The decision shall include:
 - (i) the Notice of Charges or a summary of the charges;
 - (ii) the answer, if any, or a summary of the answer;
 - (iii) a brief summary of the evidence produced at the hearing or, where appropriate, incorporation by reference of the investigation report;
 - (iv) a statement of findings and conclusions with respect to each charge, a complete explanation of the evidentiary and other basis for such findings and conclusions with respect to each charge and basis for imposing sanctions, and an indication of each specific Rule which the Respondent is found to have violated; and
 - (v) a declaration of any penalty imposed and the effective date of such penalty.

- (b) When a decision under Rules 1010, 1015, or 1016 has become final, the RTX SEF shall—in the event that the Respondent is a member of the National Futures Association—within thirty days, provide a copy of such decision by electronically providing such information to the National Futures Association for entry into its Background Affiliation Status Information Center system.

1011. Penalties

- (a) The Hearing Panel of the Disciplinary Committee may impose any one or more of the following penalties for violation of the Rules against any Person that is subject to the jurisdiction of the RTX SEF, including but not limited to, any Participant or Clearing Participant:
 - (i) a censure or reprimand;
 - (ii) suspension of trading privileges;
 - (iii) termination as a Participant or its acceptability as a Clearing Participant;
 - (iv) a fine of up to \$100,000 per violation; or
 - (v) such other penalty as the hearing panel in its discretion shall deem appropriate.
- (b) In the case of any penalty imposed on a Respondent denying access in whole or in part to the RTX SEF's market, the Hearing Panel shall issue an order to all Participants prohibiting them from granting such access, directly or indirectly, and any knowing violation of such an order shall constitute a violation of the Rules.
- (c) Any penalty imposed under Rule 1011, 1012, 1013, 1014, 1015 or 1016 shall be commensurate with the violation committed, shall take into account the respondent's disciplinary history and where applicable, shall include full customer restitution, except where the amount of restitution or to whom it should be provided cannot be reasonably determined.
- (d) Each Participant will be responsible for paying any fine or other amount imposed on but not paid by any of its Supervised Persons.

1012. Reserved

1013. Settlement

- (a) At any time after the issuance of a Notice of Charges and prior to the issuance of a decision pursuant to Rule 1010, a Respondent may serve upon the Compliance Department and file with the Disciplinary Committee a written proposal to settle the matter in question. The Disciplinary Committee may accept or reject the settlement proposal, but may not alter its terms unless the Respondent agrees. The Disciplinary Committee, in its discretion, may permit the Respondent to accept a penalty without either admitting or denying the violations upon which the penalty is based.
- (b) If the Disciplinary Committee accepts a settlement proposal, it shall issue a written decision specifying the violations it has reason to believe were committed and any penalty to be imposed. If the settlement proposal specifies that the Respondent is agreeing to accept a penalty without either admitting or denying any violations, the decision shall so state.
- (c) If the Disciplinary Committee does not accept a settlement proposal or if the Respondent withdraws the proposal after its submission but before its final acceptance by the Disciplinary Committee, the proceedings shall continue against the Respondent, but the Respondent shall not be deemed to have made any admissions by reason of the settlement proposal and shall not be otherwise prejudiced by having submitted the settlement proposal.

1014. Minor Penalties

- (a) The Compliance Department may summarily impose a fine against any Participant:

 - (i) for failing to make timely payments of dues, fees, fines, assessments or other charges;
 - (ii) for failing to make timely and accurate submissions to the RTX SEF of notices, reports, or other information required under any provision of the Rules; or
 - (iii) for failing to keep any records required under any provision of the Rules.
- (b) The amounts of the fines for any category of violations which may be imposed pursuant to this Rule shall be set by the RTX SEF from time to time, provided that the minimum fine shall not be less than \$1,000 and the maximum fine for any one violation shall not exceed \$10,000. Nothing contained in this Rule shall preclude any other action against a Participant pursuant to the Rules. The imposition of a fine against a Participant pursuant to this Rule shall be the final action of the RTX SEF if the Participant does not request review as provided in paragraph (c) of this Rule.
- (c) The Compliance Department shall serve a Participant with written notice of a fine imposed pursuant to paragraph (a) of this Rule. Such notice shall specify the date of the occurrence for which the fine is being imposed, the provision or provisions of the Rules giving rise to the fine and the amount of the fine. Within 10 days of the service of such notice, the Participant shall either pay the fine or

serve the RTX SEF with a written request specifying the basis for review of the fine by a hearing panel of the Disciplinary Committee.

1015. Participant Responsibility Actions

- (a) The RTX SEF may summarily suspend any Participant exercising Trading Privileges or take other summary action if the RTX SEF reasonably believes that such immediate action is necessary to protect the best interests of the marketplace.
- (b) Any action taken against any Participant exercising Trading Privileges pursuant to this Rule shall be taken after notice and an opportunity to be heard, unless the RTX SEF determines that giving such notice or opportunity to be heard before taking such action is not practicable under the circumstances. The notice shall state the action, the reasons for the action, and the effective time and date and the duration of the action. In any case in which action is taken without prior notice and opportunity to be heard, the RTX SEF shall give the Participant notice and an opportunity to be heard promptly thereafter.
- (c) Any hearing held pursuant to this Rule shall be held before a Hearing Panel of the Disciplinary Committee and shall be conducted in compliance with Part 10.
- (d) Promptly following the hearing held pursuant to this Rule, the Hearing Panel of the Disciplinary Committee shall render a written decision based upon the weight of the evidence contained in the record of the proceeding and shall serve a copy of such decision on the Participant and the Compliance Department. The decision shall be the final action of the RTX SEF and shall not be subject to appeal within the RTX SEF. The decision shall include:
 - (i) a description of any summary action taken or proposed to be taken;
 - (ii) the reasons for the summary action;
 - (iii) a brief summary of the evidence produced at the hearing;
 - (iv) findings and conclusions;
 - (v) a determination that the summary action should be affirmed, modified, reversed, or imposed; and
 - (vi) a declaration of any summary action to be taken pursuant to the determination specified in subparagraph (v) and the effective date and duration of the action.

1016. Action Against Non-Participants

- (a) If the Compliance Department has reason to believe that any non-Participant is conducting his trading activities in violation of the Commodity Exchange Act, Commission Rules or these Rules, it may require the non-Participant and any Participant that handles or clears the non-Participant's trades to appear, produce documents and testify at a Compliance Department interview or investigation, or at a hearing before the Disciplinary Committee.

- (b) If, after hearing, the Disciplinary Committee determines that the actions of the non- Participant violate the Commodity Exchange Act, the Commission Rules or these Rules, the Disciplinary Committee may: 1) issue a censure or reprimand; 2) order any Clearing Participant to liquidate all or any portion of such non-Participant's position; 3) order that no Participant accept new positions on behalf of any such non-Participant; 4) deny or terminate access of such non-Participant to the Trading System and the RTX SEF; 5) impose any Penalty authorized under Rule 1011, or 6) order such other action as is necessary to prevent a threat to the integrity of the market or to RTX SEF or further violations of the Commodity Exchange Act or these Rules.
- (c) In the case of a penalty imposed on a Respondent that is not a Participant denying access to the RTX SEF, the Hearing Panel shall issue an order to all Participants prohibiting them from granting such access, directly or indirectly, and any knowing violation of such an order shall constitute a violation of the Rules.

1017. Conflicts of Interest or Bias

- (a) No member of any committee of the RTX SEF shall knowingly participate in the committee's deliberations and voting on any matter involving a named party-in-interest where the member is precluded from doing so pursuant to Part 2.
- (b) Prior to the consideration of any matter involving a named party-in-interest, each member of a committee of the RTX SEF must disclose to the Chief Compliance Officer of the RTX SEF (or to his or her designee) whether he or she has any one of the relationships listed in Rules 207 and 209 with the named party-in-interest.
- (c) Any Respondent which is a named party-in-interest in any proceeding under this Part of the Rules may serve a written request on the Chief Compliance Officer of the RTX SEF for disqualification of any member of any committee of the RTX SEF on the grounds that such member has one of the relationships listed in Rules 207 or 209 or that any other cause exists which might cause the member to have a bias against such Respondent.
- (d) The Chief Compliance Officer (or his or her designee) shall determine whether or not any member of a committee of the RTX SEF will be disqualified from deliberating, voting or otherwise participating in any matter based upon:
 - (i) information provided by such Participant pursuant to paragraph (b) of this Rule;
 - (ii) information provided by a Respondent which is a named party-in-interest pursuant to paragraph (c) of this Rule; and
 - (iii) any other source of information that is reasonably available to the RTX SEF.
- (e) The Chief Compliance Officer (or his or her designee) shall promptly serve written notice of his or her determination on the member of the committee and

on the Respondent which is the named party-in-interest, and such determination shall be final and not subject to appeal within the RTX SEF.

No employee of the Compliance Department or any other employee of the RTX SEF may serve in any investigatory, prosecutorial or decision-making capacity relating to any matter involving a named party-in-interest if he or she would be precluded from participating in deliberations and voting on such matters pursuant to Part 2 if he or she were a member of a committee of the RTX SEF. The provisions of paragraphs (b) through (e) of this Rule shall be applicable to such employee of the RTX SEF as though such person were a member of a committee of the RTX SEF.

PART 11. RESERVED

PART 12. MISCELLANEOUS

1201. Prohibition of Compensation to RTX SEF Employees

No Participant, Affiliate of a Participant or employee thereof shall give any compensation or gratuity to any RTX SEF employee, and no RTX SEF employee shall accept any compensation or gratuity from any Participant, Affiliate of a Participant or employee thereof; provided that the foregoing shall not preclude giving or accepting items of nominal value.

1202. Rule Adoption, Amendment, and Repeal

- (a) Rules may be adopted, amended or repealed by the RTX SEF as provided in these Rules. However, no Rule and no amendment or repeal of a Rule shall apply to any Swap or Swap entered into prior to the adoption thereof if such Rule, amendment or repeal would affect the amount of money to be paid, or would affect the specifications of the Swap or Underlying Commodity to be delivered, under such Swap, unless emergency action has been taken pursuant to Rule 208.
- (b) Unless a Rule is adopted, amended or repealed as an emergency action pursuant to Rule 208, or it is otherwise impracticable under the circumstances, the RTX SEF shall:

 - (i) post on its website the submission to the Commission certifying or requesting approval of such Rule, Rule amendment or Rule repeal for a period of not less than five business days prior to filing the submission with the Commission;
 - (ii) notify Participants of the posting of the submission when it is first posted; and
 - (iii) accept comments on the submission from Participants and the public from the time of posting until the conclusion of the Commission's review period.

1203. Confidentiality of Information

- (a) Except as provided in Rule 309, all information received by the RTX SEF concerning positions, margin or premium payments, or deliveries, financial statements filed with the RTX SEF, or other non-public information submitted to the RTX SEF for regulatory purposes by any Participant ("Participant Information"), shall be held in confidence by the RTX SEF and shall not be made known to any other Person except as follows:

 - (i) With the written consent of the Participant providing such information;
 - (ii) To the Commission or the United States Department of Justice pursuant to the requirements of the Commodity Exchange Act or any Regulation of the Commission or of any other Governmental Agency with

jurisdiction over the RTX SEF, which would allow the RTX SEF to carry out such information-sharing agreements and international information-sharing agreements as the CFTC may require;
